Overview of Program Model

The Leveraging Education for Advancement Program (LEAP) is an Inclusive Postsecondary Education program (IPSE). While placing emphasis on developing academic, personal, and self-advocacy skills the LEAP program at Albany Technical College (ATC) is designed to provide students with intellectual and developmental disabilities, ages 18 and older, an inclusive college experience that yields gainful, competitive employment. Intellectual disability is defined by the Higher Education Act (2008) as:

A student---

- A. With a cognitive impairment, characterized by significant limitations in---
 - i. Intellectual and cognitive functioning; and
 - ii. Adaptive behavior as expressed in conceptual, social, and practical adaptive skills; and
- B. Who is currently, or was formerly, eligible for a free appropriate public education under the Individuals with Disabilities Education Act (2004).

LEAP students receive a personalized postsecondary education. Each student is supported by trained mentors and has access to all student academic services, activities, and social events available to all ATC students on the main campus. Student programming is based on the career goals, interests, strengths, and needs of the individual student identified through the development of a Students Transitioning to Adult Roles (STAR) Person-Centered Plan. A variety of Technical Certificates of Credit (TCC) available to all Albany Technical College students will give potential students a choice. All credit courses are taught on campus by ATC faculty where LEAP students take courses alongside non-disabled college students. Through these inclusive courses, job shadowing and internships, students will be afforded the opportunity to engage in hands-on activities that directly impact acquisition of skills needed for employment, self-sufficiency, and independent living. In addition to acquiring new skills, each student is matched with a trained mentor to help meet academic requirements and integrate socially into college campus life. LEAP students get to enjoy the full college experience by participating in college activities, clubs, and organizations that are available to all ATC students. Students will also engage in employability skills workshops offered through the Career Services Center located on the ATC campus.

1) Detailed description of how the program meets all the definitional components of a Comprehensive Transition Program (CTP), as outlined below:

a. The CTP is delivered to students physically attending the institution.

Albany Technical College, a public post-secondary institution of the Technical College System of Georgia, provides technical education and training support for evolving workforce development needs of Southwest Georgia. To accomplish this mission, the College utilizes traditional and

distance learning methods. The following purposes of Albany Tech are based on the concept that education benefits individuals, businesses, and the community:

- To provide quality competency-based associate degree, diploma and technical certificates of credit programs that prepare students for employment in business, technical sciences, health care technology, personal services, and industrial careers.
- To provide basic adult education and development programs to help adults improve life skills and prepare for continued education and training.
- To contribute to the technological advancement of area businesses and industry through education and training.
- To offer comprehensive continuing education courses and programs for the advancement of skills, knowledge, and personal growth.

Albany Technical College (ATC) is in Albany, Georgia, which is the heart of Southwest Georgia. The campus is in the southern portion of the city and is near the airport. ATC is composed of one campus in Dougherty County and a learning center in Cuthbert, Randolph County, Georgia. The main campus includes a state-of-the art Manufacturing Technology Center geared toward business and industry training and a Business Logistics Education Center.

ATC is accredited with the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097; (404) 679-4500) to award Associate of Applied Science Degrees. ATC also awards diplomas and technical certificates of credit for programs that prepare students for employment in business technology, design technology, health care technology, personal & public service technology and industrial careers. ATC participates in Title IV federal financial aid programs as well as state financial aid programs. ATC is a member of the Technical College System of Georgia (TCSG).

Students enrolling in the Leveraging Education for Advancement Program (LEAP) will attend classes on Albany Technical College's main campus. All courses are in the course catalog and meet ATC Academic Affairs Council approval. The LEAP program will follow the traditional academic year and semester schedule approved by ATC. Along with taking credit classes, students will be required to participate in career development workshops, social community integration, job shadowing and internships. LEAP will provide students with the skills to obtain a TCC so that they become gainfully employed. Students will also participate in either paid/unpaid work experiences that are aligned with their career goal.

LEAP students will enroll in courses and complete the required number of hours to obtain their TCC of choice. Students will receive full college credit for courses the same as non-disabled students. We foresee that students will take no more than one credit course each semester unless deemed otherwise. Students are expected to maintain satisfactory academic progress as required by ATC. Students will be required to participate in extracurricular activities and/or college clubs based on their area of interest. The amount of time participating in these activities will depend on the area selected.

Students will receive support from the mentor/tutor and other LEAP staff in inclusive courses. The mentor/tutors will provide additional support in the classroom, on campus as well as in the community. The mentor/tutor will assist with simplifying information to the student's cognitive level. Other support will include review of lessons, study skills, reading assessments (when necessary), etc.

Students will also participate in the Students Transitioning to Adult Roles (STAR) person-centered planning process with the mentor/tutor. This process will involve identifying strengths, weaknesses, interests, and career aspirations of the student with family/parental involvement. This will be an ongoing process to ensure students receive adequate support that he/she needs to transition from postsecondary school to employment.

b. The CTP is designed to support students with ID who are seeking to continue academic, career and technical, and independent living instruction at an institution of higher education in order to prepare for gainful employment.

Using person-centered planning, the LEAP program is designed to address and support four principles in relation to academic enrichment, career development, self-determination, and independent living skills for students with an intellectual disability. ATC is a workforce development college. The LEAP program is designed in compliance with the mission of Albany Technical College with the end-goal being employment. Students who complete the requirements of the program earn a Technical College Certificate.

Academics: All credit courses are designed to teach the specific skills that are used in a real job setting. Students must meet all course objectives and requirements to receive credit. Embedded in each course is hands-on training. Students can practice skills that have been taught in the classroom. Students access campus facilities such as the Business Technology Lab to gain experience using a variety of office equipment. Students use the library to do research and complete assignments related to their classes. The mentor/tutor provides additional opportunities for skills acquisition and retention. Successful students earn a Technical College certificate, (TCC). This certificate, approved by the Technical System College of Georgia, comes with a warranty that students have acquired the necessary skills to be employed.

Career: In addition to taking credit courses related to their career goals, students engage in training provided by the LEAP program staff and Career Services specialists. The program requires that students not only successfully complete credit courses but attend career development workshops and engage in job shadowing and internship opportunities. A career portfolio is required for completion of the TCC. A career portfolio is also a requirement of ATC. The portfolio will include examples of assignments, campus activities, skills learned through internships, cover letter, resume, and other artifacts. Students who complete the program are better prepared to gain rewarding employment. Employment gives a meaningful place to go daily and provides a way to explore interests. Employment provides a way to be part of the community which helps to define quality of life.

Self-Determination: Students will participate in the Students Transitioning to Adult Roles (STAR) person-centered planning process with the mentor/tutor. The LEAP program will focus on self-advocacy and personal skills. Students will gain greater knowledge of community resources. Students need the ability to express their needs and make informed decisions about the support needed to meet their needs. The ability to speak or act appropriately on one's own behalf helps to improve quality of life. Students in the program will be given opportunities to establish personal goals, make choices, explore opportunities, learn from consequences, increase self-motivation, and develop positive self-esteem. Learning self-advocacy skills can lead to benefits which include enhanced self-determination skills and increased personal satisfaction.

Independent living (personal) skills include a wide range of skills needed to meet daily living needs and allow community participation. Students will be taught independent living skills to include personal care, health and nutrition, money management, home management, and socialization skills. The mentor/tutors play a vital role in the acquisition of these skills. They will teach the skills and provide opportunities for practice.

Program Support

Support is provided to faculty and staff members who teach students enrolled in the LEAP program. Program staff members include a Program Director and three part time mentor/tutors. Students in the program must meet the requirements of the course the same as all other students. Faculty and staff members are prepared to improve outcomes for students with an intellectual disability. Preparation takes the form of training and collaboration. Training is provided to assist in identifying methods to work with students with disabilities. Training includes information on differentiated instruction, various adaptations, and modifications, and how to add positive behavior supports that can be used to accommodate all students with disabilities. Collaboration between faculty and staff and LEAP program staff is ongoing to ensure that an effective learning situation is provided and to track student progress.

Peer Mentoring

Mentoring is an important part of support for academic and social development and is a key component of the LEAP Program. The goal of peer mentoring is to help students develop academic and life skills such as time management, organization, problem-solving, and critical thinking skills so that they become as independent as possible. Program mentors serve as advocates and role models. They guide, provide resources, and encourage. In the program, mentors will help mentees manage schedules, prioritize tasks, and develop academic strategies. In the ideal mentoring relationship, mentors and mentees learn from each other. It is a mutual way of learning and allowing participants to develop skills that will transfer to use in their daily lives and well beyond their time in college.

Roles and Responsibilities of the Peer Mentor:

- Adhere to the Student Code of Conduct.
- Maintain regular contact with mentees.
- Build a trusting and supportive relationship based on mutual respect.
- Actively participate in the mentee's college experience by attending events.

- Model appropriate interpersonal and social skills.
- Promote and model self-advocacy and self-reliance.
- Provide information regarding campus various resources and activities.
- Refer the mentee to appropriate campus services and resources as needed.
- Promote academic success and encourage certificate completion.
- Serve as a sounding board for ideas, questions, and concerns.
- Maintain mentee confidentiality.
- Immediately communicate problems or concerns to the program staff.

Roles and Responsibilities of the Mentee:

- Adhere to the Student Code of Conduct.
- Maintain books, assignments, outlines, and other materials.
- Attend classes as assigned adhering to the time, location, and day.
- Ask questions, listen, and follow through on action items.
- Display promptness in all aspects of college life.
- Practice and apply academic skills.
- Practice self-advocacy skills.

LEAP Program Director:

The LEAP Program Director plans and manages research and demonstration projects focused on creating a high-quality inclusive higher education experience that will support positive employment outcomes for individuals with intellectual disabilities (IDD). The director oversees all aspects of the program to ensure the goals of the program are met. The director negotiates with administrators, faculty, and families to implement innovative postsecondary options and coordinates data collection and analysis. The director coordinates the planning and development of the area of study for students; ensures that student's curricular goals and objectives are reviewed on a regular basis and ensures that operational goals and objectives are reviewed on an ongoing basis; The director reviews and approves program reports and data collection reports, serves as liaison to community partners, leads the LEAP Advisory Committee, and develops and maintains relationships with faculty and staff. The director supervises the mentor/tutors.

Major Duties include but are not limited to:

- Directs, coordinates, and administers projects related to increasing the quality of the inclusive postsecondary education program that ultimately prepare students with IDD for employment and other productive adult roles.
- Designs activities to develop, pilot, research, and sustain postsecondary education and transition programs.
- Coordinate with grant funder, Georgia Inclusive Post-Secondary Education Consortium, Georgia Council on Developmental Disabilities, and constituents to obtain program goals and objectives.
- Collaborate with feeder school representatives, community disability services providers, parents and students with intellectual disabilities, individuals from the Employer Committee, Georgia Vocational Rehabilitation Agency, high school transition counselors,

and representatives from the Exceptional Students Program, as well as other pertinent stakeholders to develop essential components of the LEAP program.

- Inform ATC faculty, staff, program students, parents, and members of the external community of the LEAP program's goals and objectives and form collaborations essential to the fulfillment of the goals and objectives.
 - Align with the mission and goals of Albany Technical College,
 - Identify and address the educational needs of potential students with intellectual disabilities (ID) who desire a college experience,
 - Develop career pathways that ensures students with ID receive relevant workforce training and attain strong employment outcomes to foster economic development in Southwest Georgia.

Key Knowledge Required by the Position:

- Work experience with young adults with intellectual disabilities
- Knowledge of student disabilities documentation standards and disability services
- Commitment to the education and development of students with Intellectual/Development Disabilities
- Leadership and administrative experience
- Excellent written and verbal communication skills
- Excellent facilitation, planning, and organizational skills

Assistant Program Coordinator:

The Assistant Program Coordinator collaborates with the director, and mentor to continually monitor the experiential learning of all program participants, assists in advising the program participants based on their person-centered plans, acts as liaison with families, oversees student records and achievements, coordinates data collection, completes assessments, and assists with providing instruction. Along with the director, the assistant program coordinator develops and maintains relationships with faculty and off campus partners to help ensure participant and program success.

Mentor/Tutors:

The Mentor/Tutors provide quality instruction to students enrolled in the LEAP program. Major responsibilities include creating, modifying, and adapting college-level course content for individual students; ensures curricular access; assisting students to understand and master skills required to meet workplace expectations; and working with students, their families, and program staff to support student success. The Mentor/Tutor also focuses on the development of communication and social skills for employment and community living, identifies areas for academic growth or remediation, and provides transition to community and employment support.

Mentor/Tutor Support Responsibilities:

- Support students in their primary roles as students and members of the broader college community.
- Counsel and provide individual assistance to students to promote academic and social engagement, growth in independent living skills, and develop the skills needed to succeed in varied employment and community settings.
- Assess the learning strengths and areas of need for individual students.
- Review and update educational accommodation plan detailing testing, classroom, and assistive technology accommodations and appropriate learning strategies needed both inside and outside of the classroom.
- Establish a positive learning environment.
- Work with other program team members to assist new and continuing students with educational planning and scheduling.
- Consult with faculty and other college professionals to develop and implement educational accommodations.
- Participate in person-centered planning and transition meetings with students, families, peers, community members, and others, as appropriate.
- Design instruction/lesson plans and record progress of students.
- Collaborate with other program team members to monitor student progress on the development and updating of career portfolios.
- Monitor student progress using specific and measurable outcomes.
- Maintain student records for the purpose of program monitoring and evaluation.

c. The CTP includes an advising and curriculum structure.

Students in the LEAP Program will receive academic advisement from ATC instructors, the LEAP Director, Career Services specialists, and other staff qualified to address the educational needs of students with an intellectual disability.

The curriculum for LEAP students consists primarily of occupational courses for the sought after TCC. Courses are listed in the ATC course catalog and are available to all ATC students. All program courses are credit courses. Students will take courses in sequence. The curriculum is supplemented, based on the individual needs of each student, by LEAP program staff. LEAP students receive additional instruction in money management, personal care, time management, and social skills & etc.

Outside of the traditional advisement, STAR Person-Centered Planning (PCP) will occur for all students beginning in the first semester. The plan will be ongoing throughout the student's college experience. The STAR PCP process is an important part of the program as it provides a guide to reach the desired academic, personal, self-advocacy, career, and independent living outcomes. It will be updated and revised when necessary. The LEAP staff will facilitate planning and incorporate parents, community partners, and the LEAP Advisory Committee to assist with

identifying strategies or ideas that will prepare students for the transition into adulthood. For a sample STAR PCP, see Appendix A.

d. The CTP requires students with intellectual disabilities to have at least one-half of their participation in the program, as determined by the institution, focus on academic components through one or more of the following activities:

(i) Taking credit-bearing courses with students without disabilities.

An example of one of the TCCs: all courses offered for the Business Office Assistant certificate for LEAP students are courses offered in the Business Technology Program at ATC for all students. Students participating in LEAP will follow the traditional full semester schedule which involves 16 weeks of instructional time. Students will enroll in one course each semester.

LEAP program credit courses include:

BUSN 1240 Office Procedures
 BUSN 1100 Intro to Keyboarding
 COMP 1000 Intro to Computers
 BUSN 1440 Document Production
 BUSN 1330 Personal Effectiveness
 BUSN 2160 Electronic Mail

EMPL 1000 Interpersonal Relations & Professional Development

Course credit hours vary depending on the course for a total of twenty (20) credit hours required to obtain the Business Office Assistant Certificate.

All courses listed are in the ATC course catalog:

http://www.albanytech.edu/pdfs/students/ATCcatalog_REV8-16.pdf

(ii) Auditing or otherwise participating in courses with students without a disability for which the student does not receive regular academic credit.

All courses are for credit and are open to all ATC students. Twenty (20) credit hours of coursework are mandatory to receive the Business Office Assistant certificate. LEAP staff will collaborate with instructors in regards to support provided and other accommodations the student may need in the classroom.

(iii) Taking non-credit-bearing, non-degree courses with students without Disabilities.

LEAP students will be afforded the opportunity to participate in non-credit curriculums that are not related to the TCC courses but are a necessary component in the student's person-centered plan. These curriculums are related to the LEAP student's personal, social, or career interests and are not open to students without disabilities. **Non-credit, non-degree curriculums examples include Money Management Skills, Nutrition, and Independent Living Skills.** These curriculums will be considered a part of the student's college experience.

(iv) Participating in internships or work-based training in settings with individuals without disabilities.

LEAP will require students to participate in at least one supervised fully inclusive work-based internship that is related to the student's career interests. Students will be placed in an internship on the ATC campus where he/she can gain office skills. Internships can be paid or non-paid. Eventually students will be able to transition to internships or work-based training located offsite with assistance from vocational rehabilitation. Students will have their internships in settings with individuals who are not disabled.

e. The CTP provides students with ID opportunities to be socially and academically integrated with non-disabled students to the maximum extent possible.

Social Integration:

Natural supports are the relationships that occur in everyday life. The relationships and the value they offer help to enhance and sustain quality and security of life for individuals with an intellectual disability. LEAP's focus is to integrate natural supports for students' socialization. LEAP students will be afforded the opportunity to participate in ATC clubs and organizations, which are open to all ATC students that are of interest to them. Students will be urged to participate in community-based activities and projects and encouraged to explore volunteer opportunities. They will participate in activities with or without mentor support. Involving natural support will enable students to engage in social activities outside of LEAP that are of interest to them while building friendships and learning how to balance their social and academic life. Students may meet peers in the Titan Café for breakfast and/or lunch as well as attend basketball games that are held off campus. Social integration will also be included in the person-centered planning process. ATC offers various social activities in which LEAP students and non-disabled students can engage. ATC activities can be viewed at the following link:

http://www.albanytech.edu/index.php?option=com_content&view=article&id=94&Itemid=282

Examples include Phi Beta Lambda, SkillsUSA, Student Fellowship for Christians (SFC), Student Government Association (SGA); Spring Fling, Homecoming which include tailgating, African American Male Mentoring Program, etc.

Academic Integration:

Courses approved for the LEAP program are open to all students. As a result, LEAP students and students without an identified disability are taught in the same classroom. Natural supports that foster academic inclusion that are specific to individual students will be identified. For example, the mentor may assist the student with navigating the library, Academic Achievement Center, Business Technology Lab, and Titans Helpdesk while on campus. LEAP students will have access to support that include mentors, LEAP staff, ATC staff, and other resources. The type and level of academic support will vary by student. The goal of the program is for students to experience growth in academic skills, increase confidence, gain independence, and become more self-sufficient. The expectation is that these attributes transfer to all areas of everyday life.

Faculty receive training geared towards developing an understanding of cognitive, social, physical, and emotional development for diverse populations, creating opportunities that support academic success for diverse populations and identifying achievable strategies & modifications in planning, delivery, and assessment of instruction to meet the needs of all learners. These training sessions provide an improved learning environment for academic integration for all students.

2) The institutional policy for determining whether a student enrolled in the program is making satisfactory academic progress (SAP);

Albany Technical College (ATC) SAP Policy and Procedures

ATC SAP policy for general student population states that for students to be eligible to receive Student Financial Aid funds, which includes financial aid from federal, state, and institutional programs, students must maintain satisfactory academic progress. Albany Technical College (ATC) is required by the U.S. Department of Education to establish minimum standards of satisfactory academic progress. Satisfactory Academic Progress (SAP) means the student is proceeding in a positive manner toward fulfilling educational requirements. SAP is calculated each semester. SAP includes all periods of the student's enrollment, including periods in which the student does not receive financial aid funds. LEAP students will follow the same policy.

Satisfactory Academic Progress

Students attending ATC must be in good academic standing and make satisfactory progress with a minimum GPA and completion rate in accordance with the maximum time frame, as stated below.

A. Grade Point Average Requirement (Qualitative)

Students must maintain a 2.0 cumulative grade point average (GPA). If a student's GPA falls below the required 2.0 minimum cumulative GPA, his or her eligibility to receive financial aid will be jeopardized. A student will be put on financial aid warning for the semester following the term the student fails to maintain the required 2.0 minimum cumulative GPA. The student has the next semester of attendance to earn the required 2.0 minimum cumulative GPA. The student may receive financial aid assistance while on financial aid warning. At the end of the warning period, if the required 2.0 minimum cumulative GPA is met, the student is taken off financial aid warning. If the required 2.0 minimum cumulative GPA is not achieved, then the student will be put on financial aid suspension during the next semester of attendance.

B. Completion Rate (Quantitative)

Students must earn a minimum of 67 percent of the cumulative coursework. Attempted (including transferred hours). Failure to complete this minimum 67 percent will result in a student being placed on financial aid warning during the next semester of attendance. If the student does not regain a completion rate of 67 percent of the cumulative coursework attempted during the warning semester, then the student will be placed on financial aid suspension for the next attending semester.

C. Maximum Time Frame

All students must complete their program of study within a maximum time frame of one-and-one-half (150 percent) times the length of the program in which they are enrolled. This means that once a student has attempted one-and-one-half times the minimum number of credit hours necessary for completing program requirements, the student will be ineligible to receive financial aid assistance.

D. Financial Aid Suspension

Once a student is on financial aid suspension, the student must pay for the next attending semester at his or her own expense. All federal, state and institutional funds are removed for the next semester. Once the student is meeting SAP requirements, the student's financial aid will be reinstated.

E. Appeal of Financial Aid Suspension

Students have the right to appeal their suspension of financial aid if they have extenuating circumstances that prevented them from making satisfactory academic progress. The appeal must be specific, typed and address the student's entire previous academic performance as well as how the circumstances have changed so that the student can meet SAP. The typed appeal must be attached to the Appeal of Financial Aid Suspension Form. The appeal must be submitted by the payment deadline in the semester in which the student plans to attend. Failure to adhere to this timeline will result in the student losing the right to appeal the financial aid suspension.

F. Withdrawal

Students will receive a grade of "W" when he/she withdraws from a course before the 60% mark of the semester, whether the work is passing or failing. No credit is given and no grade points are calculated. Grade of "W" is not included in calculating the grade point average but is counted as coursework attempted.

Detailed information regarding ATC's Satisfactory Academic Progress Policy can be viewed at http://www.albanytech.edu/index.php?option=com_content&view=article&id=962:satisfactory-academic-progress-policy-and-procedures&catid=96:financial-aid&Itemid=270

SAP Policy for LEAP

LEAP students taking program specific courses for credit will be expected to achieve all course objectives at the same level as their college peers and will be graded on the same course scale as all other students. They must maintain a minimum 2.0 grade point average. As required by ADA, students with disabilities who require reasonable accommodation will receive them, if these accommodations do not fundamentally alter the course requirements. The Mentor/Tutors provide quality instruction to students enrolled in the LEAP program.

Students participating in non-credit curriculum courses or supplemental training by LEAP staff will be assessed for satisfactory academic progress using a tracking rubric based on Gain Attainment Scaling (GAS). The rubric will identify criteria and expected performance levels specific to each individual student. This method of scoring is designed to show the extent to which

learning goals are achieved during instruction. See Appendix C for a sample rubric. The learning goals, through collaboration among students, teachers, and LEAP staff will be identified and documented in a learning contract. The purpose of the learning contract (see Appendix D) is to help focus learning on the specific tasks or goals to be completed. The rubric also provides a tool for self-assessment.

Treatment of Repeated Courses

The ATC policy will be followed when repeating a course in the CTP Program. The ATC policy states: When a course is taken more than once, the final grade will be used in calculating the grade point average for graduation.

3. The number of weeks of instructional time and the number of semester credit hours or clock hours in the program, including the equivalent credit or clock hours associated with noncredit or reduced credit courses or activities.

ATC uses the semester system which includes 16 weeks of instructional time. LEAP will follow the ATC traditional semester. Each student will normally enroll in one credit course per semester. The number of courses taken per semester may vary depending on individual student's abilities. Students will also engage in training **curriculums** taught by the LEAP staff to include **money management, health & nutrition, and independent living**. All courses are designed to provide development of academic, personal, and self-advocacy skills. The following credit classes must be taken to meet this certificate's requirements:

- BUSN 1240 Office Procedures (3 credit hours)
- BUSN 1100 Intro to Keyboarding (3 credit hours)
- COMP 1000 Intro to Computers (3 credit hours)
- BUSN 1440 Document Production (4 credit hours)
- BUSN 1330 Personal Effectiveness (2 credit hours)
- BUSN 2160 Electronic Mail (3 credit hours)
- EMPL 1000 Interpersonal Relations & Professional Development (2 credit hours)

All courses listed above are existing courses available to all students. Courses are listed in the ATC course catalog. The chart below provides a sample of the program of study that LEAP students will follow.

4. A description of the educational credential offered (e.g., degree or certificate) or identified outcome(s) established by the institution for all students enrolled in the program.

The Leveraging Education for Advancement Program (LEAP) at Albany Technical College (ATC) is for highly motivated students with intellectual and developmental disabilities. Student programming is based on the strengths and needs of the individual student identified through the development of a Person-Centered Plan. LEAP students can earn one of the TCCs listed below. All courses are taught by ATC faculty who are dedicated to teaching and preparing all students.

Applicants should demonstrate the following minimal requirements:

- Minimum fifth grade reading level preferred.
- Possess basic mathematics skills and the ability to use a calculator.
- Demonstrated ability to maintain appropriate social and emotional behavior.
- Ability to meet personal needs without assistance.
- Must be able to navigate the campus independently and safely.
- Desire and motivation to complete a postsecondary program.
- Commitment to complete all assignments with support.
- Ability to be successful in competitive employment situations.
- Served under the Individuals with Disabilities Education Act (IDEA).
- Active placement in a Vocational Rehabilitation program is mandatory.

Applicants considering applying to the LEAP program should have received special education services on the secondary level and a high school diploma or been awarded a diploma through House Bill 91. Individuals who meet all eligibility criteria should apply.

Year 1 sample

Fall Semester	Spring Semester	Summer Semester
BUSN 1240	BUSN 1100	COMP 1000
3 credit hours	3 credit hours	3 credit hours
New Student Orientation	Money Management	Campus Internship
		Health & Nutrition

Year 2 sample

Fall Semester	Spring Semester	Summer Semester
BUSN 1440	BUSN 1330	BUSN 2160
4 credit hours	2 credit hours	3 credit hours
Campus Internship	Off Campus Internship	Employment
Independent Living	EMPL 1000 (2) credit hours	

Minimum Requirements for Completion of LEAP Business Office Assistant Certificate:

1. Students take the prescribed hours of coursework for credit. LEAP staff will work collaboratively with instructors for appropriate accommodations/modifications to course assignments to prevent faculty from gaining additional responsibilities.
2. Students will complete a minimum of two supervised internships that relate to his/her personal career goal. These internships may be paid or unpaid.
3. A career portfolio is required for completion of each TCC. This is also a requirement of ATC. The portfolio will include examples of assignments, campus activities, skills learned through internships, cover letter, resume, etc.

The following are anticipated outcomes for students participating in LEAP:

1. *Gainful, competitive employment:* Students who complete LEAP will be prepared to enter the workforce utilizing skills obtained. In addition, they will be able to use knowledge of good work ethics and skills that are learned from the TCSG & SACSCOC approved courses, and information gained through training provided by the Career Services Center.
2. *Socialization:* Students participating in the inclusive postsecondary education experience will enhance their interpersonal skills that will be beneficial to them at work and in the community.
3. *Self-confidence:* Completing required courses and participating in various activities along with peers boosts student's self-confidence. This will be measured by pre/post interviews in the person-centered planning. LEAP students will have support from mentor/tutors, LEAP staff and other available resources. In the process, students will develop self-advocacy skills. Students are expected to become more independent and self-sufficient as they progress through the program. This should transfer from the college setting into their day-to-day living.

We are seeking CTP approval for the following certificates:

ATC Classes for the Administrative Support Assistant Certificate 24 credits

- | | | |
|-------------|-------------------------------------|------------------|
| • COMP 1000 | Introduction to Computer Literacy | (3 credit hours) |
| • BUSN 1240 | Office Procedures | (3 credit hours) |
| • BUSN 1400 | Word Processing Applications | (4 credit hours) |
| • BUSN 1410 | Spreadsheet Concepts & Applications | (4 credit hours) |
| • BUSN 1440 | Document Production | (4 credit hours) |
| • XXXX xxxx | Occup. Guided Electives | (6 credit hours) |

ATC Classes for the Child Development Specialist Certificate ----- 14 or 15 credits

- | | | |
|-------------|-------------------------------|------------------|
| • ECCE 1101 | Introduction to ECCE | (3 credit hours) |
| • ECCE 1103 | Child Growth and Development | (3 credit hours) |
| • ECCE 1105 | Health \ Safety and Nutrition | (3 credit hours) |
| • ECCE 1112 | Curriculum and Assessment | (3 credit hours) |

Choose one of the following two courses

- | | | |
|-----------|--|------------------|
| ECCE 1121 | Early Childhood Care & Ed Practicum | (3 credit hours) |
| EMPL 1000 | Interpersonal Relations and Professional Development | (2 credit hours) |

ATC Classes for the Infant Toddler Childcare Certificate 15 credits

- | | | |
|-------------|--|------------------|
| • ECCE 1101 | Introduction to ECCE | (3 credit hours) |
| • ECCE 1103 | Child Growth and Development | (3 credit hours) |
| • ECCE 1105 | Health \ Safety and Nutrition | (3 credit hours) |
| • ECCE 2330 | Infant/Toddler Development | (3 credit hours) |
| • ECCE 2332 | Infant/Toddler Group Care & Curriculum | (3 credit hours) |

**ATC Classes for EARLY CHILDHOOD CARE AND EDUCATION BASICS
CERTIFICATE OF CREDIT** **9 credits**

- ECCE 1101 Introduction to Early Childhood Care and Education (3 credits)
- ECCE 1103 Child Growth and Development (3 credits)
- ECCE 1105 Health, Safety and Nutrition (3 credits)

ATC Classes for the Culinary Professional Assistant Certificate **17 credits**

- CUUL 1000 Fundamentals of Culinary Arts (4 credit hours)
- CUUL 1120 Principles of Cooking (6 credit hours)
- CUUL 1110 Culinary Safety and Sanitation (2 credit hours)
- CUUL 1370 Culinary Nutrition & Menu Develop (3 credit hours)
- EMPL 1000 Interpersonal Relations and Professional Development (2 credit hours)

ATC Classes for the Food Production Worker Certificate **15 credits**

- CUUL 1111 Basic Culinary Safety & Sanitation (2 credit hours)
- CUUL 1121 Basic Principles of Cooking (6 credit hours)
- CUUL 1128 Basic Fund. of Restaurant Operation (4 credit hours)
- CUUL 1371 Basic Culinary Nutrition & Menu Development (3 credit hours)

ATC Classes for the Criminal Justice Specialist Certificate **15 credits**

- CRJU 1010 Intro to Criminal Justice (3 credit hours)
- CRJU 1030 Corrections (3 credit hours)
- CRJU 1040 Principles of Law Enforcement (3 credit hours)
- CRJU 1068 Criminal Law for Criminal Just (3 credit hours)
- CRJU 2020 Constit Law/Criminal Justice (3 credit hours)

ATC Classes for the Garden Center Technician Certificat **12 creditse**

- HORT 1010 Woody Ornamental Plant Identification (3 credit hours)
- HORT 1020 Herbaceous Plant Identification (3 credit hours)
- HORT 1140 Horticulture Business Manage (3 credit hours)
- HORT 1080 Pest Management (3 credit hours)

ATC Classes for the Landscape Specialist Certificate) **15 credits**

- HORT 1000 Horticulture Science (3 credit hours)

- HORT 1010 Woody Ornamental Plant Identification (3 credit hours)
- HORT 1040 Landscape Installation (3 credit hours)
- HORT 1080 Pest Management (3 credit hours)
- HORT 1120 Landscape Management (3 credit hours)

ATC Classes for the Nursery Greenhouse Technician Certificate 15 credits

- HORT 1000 Horticulture Science (3 credit hours)
- HORT 1010 Woody Ornamental Plant Identification (3 credit hours)
- HORT 1020 Herbaceous Plant Identification (3 credit hours)
- HORT 1030 Greenhouse Management (3 credit hours)
- HORT 1050 Nursery Production and Management (3 credit hours)

ATC Classes for FLORAL ASSISTANT TECHNICAL CERTIFICATE OF CREDIT 15 credits

- HORT 1020 Herbaceous Plant Identification (3 credit hours)
- HORT 1030 Greenhouse Management (4 credit hours)
- HORT 1720 Introductory Floral Design (4 credit hours)
- HORT 1730 Advanced Floral Design (4 credit hours)

ATC Classes for the Microsoft Office Application Specialist Certificate 16 credits

- COMP 1000 Introduction to Computers (3 credit hours)
- CIST 2126 Comp Presentation & eMail Tech (3 credit hours)
- CIST 2127 Comprehensive Word processing Techniques (4 credit hours)
- CIST 2128 Comp Spreadsheet Tech (3 credit hours)
- CIST 2129 Comp Database Techniques (3 credit hours)

ATC Classes for DESIGN AND MEDIA PRODUCTION SPECIALIST TECHNICAL CERTIFICATE 15 credits

- DMPT 1000 Introduction to Design (4 credit hours)
 - DMPT 1005 Vector Graphics (4 credit hours)
 - DMPT 1010 Raster Imaging (4 credit hours)
- Select one of the following two courses for a min. 3 cr.:
- COMP 1000 Introduction to Computer Literacy (3 credit hours)
 - DMPT 1055 Introduction to Media Technology (4 credit hours)

ATC Classes for PHOTOGRAPHER TECHNICAL CERTIFICATE OF CREDIT

27 credits

-
- DMPT 1000 Introduction to Design (4 credit hours)
 - DMPT 1010 Raster Imaging (4 credit hours)
 - DMPT 1020 Introduction to Photography (4 credit hours)
 - DMPT 1025 Production Photography (4 credit hours)
 - DMPT 2125 Advanced Raster Imaging (4 credit hours)
 - DMPT 2135 Documentary Photography (4 credit hours)
 - Select one of the following two courses for a min. 3 cr.:
 - COMP 1000 Introduction to Computer Literacy (3 credit hours)
 - DMPT 1055 Introduction to Media Technology (4 credit hours)

ATC Classes for VIDEO AND FILM EDITOR TECHNICAL CERTIFICATE OF CREDIT
19 credits

-
- DMPT 1600 Introduction to Video Production (4 credit hours)
 - DMPT 2600 Basic Video Editing (4 credit hours)
 - DMPT 2615 Intermediate Video Editing (4 credit hours)
 - DMPT 2630 Post-Production Audio (4 credit hours)
 - Select one of the following for a min. of 3 credits
 - DMPT 1055 Introduction to Media Technology (4 credit hours)
 - CIST 1101 Working with Microsoft Windows (3 credit hours)
 - COMP 1000 Introduction to Computer Literacy (3 credit hours)

ATC Classes for EVENT COORDINATOR TECHNICAL CERTIFICATE OF CREDIT
9 credits

-
- HRTM 1150 Event Planning (3 credit hours)
 - HRTM 1201 Hospitality Marketing (3 credit hours)
 - HRTM 1210 Hospitality Law (3 credit hours)

ATC Classes for HOSPITALITY OPERATIONS ASSOCIATE CERTIFICATE OF CREDIT
12 credits

-
- HRTM 1100 Introduction to Hotel, Restaurant, and Tourism Management (3 credits)
 - HRTM 1160 Food and Beverage Management (3 credits)
 - HRTM 1201 Hospitality Marketing (3 credits)
 - Hotel/Restaurant/Tourism or Related Elective (3 Credit hrs.) (3 credits)

ATC Classes for FRONT OFFICE MANAGER CERTIFICATE OF CREDIT
12 credits

-
- HRTM 1130 Business Etiquette and Communication (3 credits)

- HRTM 1140 Hotel Operations Management (3 credits)
- HRTM 1210 Hospitality Law (3 credits)
- HRTM 1220 Supervision and Leadership in the Hospitality Industry (3credits)

ATC Classes for AUTO ELECTRICAL/ELECTRONIC SYSTEMS TECHNICIAN

CERTIFICATE OF CREDIT

9 CREDITS

- AUTT 1010 Automotive Technology Introduction (2 credits)
- AUTT 1020 Automotive Electrical Systems (7 credits)

ATC Classes for AUTOMOTIVE CHASSIS TECHNICIAN SPECIALIST CERTIFICATE OF CREDIT

17 CREDIT

- AUTT 1010 Automotive Technology Introduction (2 credits)
- AUTT 1020 Automotive Electrical Systems (7 credits)
- AUTT 1030 Automotive Brake Systems (4 credits)
- AUTT 1050 Automotive Suspension and Steering Systems (4 credits)

ATC Classes for NAIL TECHNICIAN Certificate of Credit

20 Credits

- COSM 1000 Introduction to Cosmetology Theory (4 credits)
- COSM 1070 Nail Care and Advanced Techniques (3 credits)
- COSM 1120 Salon Management (3 credits)
- COSM 1180 Natural Nail Practicum (3 credits)
- COSM 1190 Advanced Nail Practicum I (3 credits)
- COSM 1200 Advanced Nail Practicum II (3 credits)

ATC Classes for BASIC SHIELDED METAL ARC WELDER Certificate of Credit

12 credits

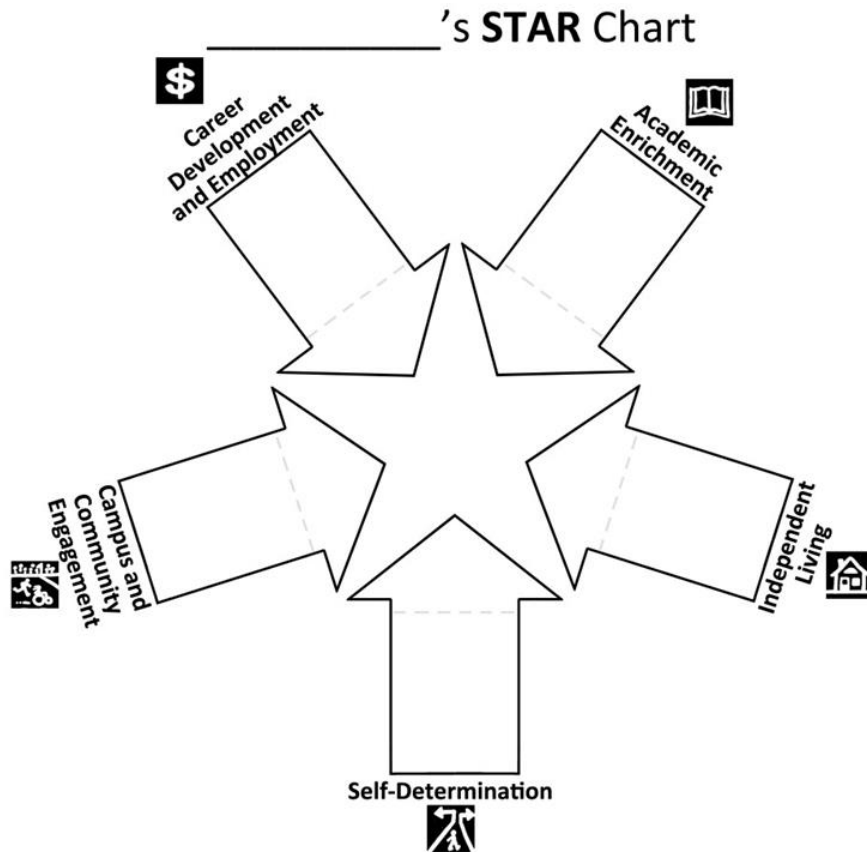

- WELD 1000 Introduction to Welding Technology (4 credits)
- WELD 1010 Oxyfuel Cutting (4 credits)
- WELD 1040 Flat Shielded Metal Arc Welding (4 credits)

The following are anticipated outcomes for students participating in LEAP:

1. Gainful, competitive employment - Students who complete LEAP will be prepared to enter the workforce utilizing skills obtained through internships. In addition, they will acquire knowledge of good work ethics and skills that are learned from the courses which comprise the certificates.
2. Socialization -Students participating in the inclusive postsecondary education experience will enhance their interpersonal skills that will be beneficial to them at work and in the community.
3. Self-confidence - Completing required courses and participating in various activities along with peers boosts student's self-confidence. This will be measured by pre/post interviews in the person-centered planning process. LEAP students will have support from mentors, LEAP staff, and other available resources. Students are expected to become more independent and self-sufficient as they progress through the program. This should transfer from the college setting into their day-to-day living.

5. A copy of the letter or notice sent to the institution's accrediting agency informing the agency of its comprehensive transition and postsecondary program. The letter or notice must include a description of the items in paragraphs (1) through (4) of this section. (See Appendix F)

Appendix A: STAR Person-Centered Planning Example

The STAR PCP process is intended to be an important aspect of the inclusive postsecondary program as it will inform staff about the student's desired goals regarding careers, independent living, socialization skills, academics, and self-determination. The STAR Chart includes the following:

- Center of star contains information about the future life the student would like to have. **(Student is the focus)**
- The background captures the student's "star qualities" or positive talents he/she possesses.
- The student's current level in each domain is recorded at the bottom of the arrow.
- Suggestions regarding student's future goals and the STAR Action Plan will be recorded in the tips of the arrows.

Appendix B: Sample Course Description from the ATC College Catalog

(For more detail see http://www.albanytech.edu/pdfs/students/ATCcatalog_REV8-16.pdf)

BUSN 1240 Office Procedures (3) Emphasizes essential skills required for the business office. Topics include: office protocol, time management, telecommunications and telephone techniques, office equipment, workplace mail, records management, travel/meeting arrangements, electronic mail, and workplace documents.

3.000 Credit hours

BUSN 1100 Introduction to Keyboarding (3) This course introduces the touch system of keyboarding placing emphasis on correct techniques. Topics include: computer hardware, computer software, file management, learning the alphabetic keyboard, the numeric keyboard and keypad, building speed and accuracy, and proofreading. Students attain a minimum of 25 GWAM (gross words a minute) on 3-minute timings with no more than 3 errors.

3.000 Credit hours

COMP 1000 Introduction to Computers (3) Introduces the fundamental concepts, terminology, and operations necessary to use computers. Emphasis is placed on basic functions and familiarity with computer use. Topics include an introduction to computer terminology, the Windows environment, Internet and email, word processing software, spreadsheet software, database software, and presentation software.

3.000 Credit hours

BUSN 1440 Document Production (4) Reinforces the touch system of keyboarding placing emphasis on correct techniques with adequate speed and accuracy and producing properly formatted business documents. Topics include reinforcing correct keyboarding technique, building speed and accuracy, formatting business documents, language arts, proofreading, and work area management.

4.000 Credit hours

BUSN 1330 Personal Effectiveness (3) This course focuses on the skills needed to be effective in the corporate environment. The participants learn the importance of effectively managing time, stress and change as they relate to work behavior and quality of work. Topics include time management, stress management, interview skills/job development, resume writing, and managing change.

3.000 Credit hours

BUSN 2160 Electronic Mail Applications (2) This course provides instruction in the fundamentals of communicating with others inside and outside the organization via a personal information management program. Emphasizes the concepts necessary for individuals and workgroups to organize, find, view, and share information via electronic communication channels. Topics include Internal and External Communication, Message Management,

Calendar Management, Navigation, Contact and Task Management, and Security and Privacy.
2 Credit hours

EMPL 1000 Interpersonal Relations & Professional Development (2) This course emphasizes human relations and professional development in today's rapidly changing world that prepares students for living and working in a complex society. Topics include human relations skills, job acquisition skills and communication, job retention skills, job advancement skills, and professional image skills.

Appendix C: Sample Internship Evaluation

Leveraging Education for Advancement Program (LEAP) Student Intern Evaluation

Student Intern: _____

Supervisor: _____

Intern's Position or Assignment _____

Internship Location: _____

Date of Evaluation: _____

PART I: Please complete this evaluation at the end of the student's work period. You are encouraged to discuss the completed form with the intern to aid in their professional development. Please use the scale below to evaluate your intern's performance in the following areas:

Supervisor Evaluation of Internship – Scoring Rubric						
1	2	3	4	5	6	
Needs more training and education	Performing below expectations	Acceptable performance	Above average performance	Superior performance	Not observed	
General Workplace Performance						
Attendance				1	2	3 4 5 6
Punctuality				1	2	3 4 5 6
Appropriate dress				1	2	3 4 5 6
Attitude				1	2	3 4 5 6

Acceptance of criticism	1	2	3	4	5	6
Asks appropriate questions	1	2	3	4	5	6
Self-motivated	1	2	3	4	5	6
Specific Job Assignment Performance						
Sufficient knowledge to perform tasks	1	2	3	4	5	6
Verbal communication skills	1	2	3	4	5	6
Written communication skills	1	2	3	4	5	6
Uses technical skills required for the position	1	2	3	4	5	6
Manages time	1	2	3	4	5	6
Able to perform assignments independently	1	2	3	4	5	6
Analyzes problems and takes appropriate action	1	2	3	4	5	6
Sets priorities	1	2	3	4	5	6
Summary Performance Evaluation of Student Intern						
How would you assess the intern's overall performance?						
Outstanding	Above Average	Satisfactory	Below Average	Unsatisfactory		
☐	☐	☐	☐	☐		

PART II

What do you consider the major strengths of this intern?

Think about the intern. What areas need improvement?

What would you recommend making this student better prepared for the workplace? (e.g. courses, activities, skills acquisition, programs)?

Appendix D: Goal Attainment Rubric

LEAP Individualized Progress Tracking Rubric

Student Name: _____ Course _____

CATEGORY	MUCH LESS THAN EXPECTED	LESS THAN EXPECTED	EXPECTED	GREATER THAN EXPECTED	MUCH GREATER THAN EXPECTED
Attendance	Attendance of 60% or less	Greater than 60% but less than 80%	80% attendance or better	No more than 1 class absence	100% perfect attendance
Class Participation	Less than 60%	Greater than 60% but less than 80%	Met goal of 80% class participation as noted in syllabus	Participation is higher than average	Participation is outstanding (100%)
Assignments	All assignments are below expectations	Some assignments meet expectations, but some are below expectation	All assignments meet expectations as noted in syllabus.	All assignments meet expectations, and some exceed expectations	All assignments exceed expectations. (100%)
Socialization	Does not interact with peers or staff	Limited interaction with peers or staff	Interacts with some direction	Interacts with others more with some direction	Interacts with others independently (100%)
Critical Thinking	Does not make decisions independently	Minimal decision-making independently	Makes at least 80% decisions independently	Over 80% decision-making independently	Makes all decisions independently (100%)

		(Less than 80%)			
Overall Progress

Appendix F: Letter to the Southern Association of Colleges and Schools (SACS)

Dr. Belle S. Wheelan, President
Southern Association of Colleges and Schools
Commission on Colleges
1866 Southern Lane
Decatur, Georgia 30033

Dear Dr.Wheelan:

Albany Technical College (ATC) would like to add additional certificates to its previously approved application to the U.S. Department of Education Comprehensive Transition and Postsecondary Program (CTP). This is a program for individuals with an intellectual disability participating in ATC's Inclusive Postsecondary Education (IPSE) program named Leveraging Education for Advancement Program (LEAP). This approval was granted 03/12/2018.

The goal of the LEAP program is to prepare students with an intellectual disability to enter the workforce. Students participating in LEAP attend ATC's main campus located in Albany, Georgia. LEAP students have access to all services provided to nondisabled students (i.e. student services, academic services, and social events/clubs). Through the program, students develop job readiness skills, employability skills, and socialization skills. The classes offered in the program provide students with the skills that will prepare them to be successful in a work setting and their day-to-day lives.

To support LEAP students, mentor/tutors are utilized to augment the student's academic and social experiences. The mentor/tutors assist LEAP students with developing more independence while participating in the program. Students receive additional support from ATC instructors and LEAP staff to address academic needs. Students also participate in other life skills classes based on individual needs. Currently, the curriculum only includes the required courses necessary to obtain a Business Office Assistant certificate. A comprehensive list of the additional requested certificates is in the body of these notifications.

All courses taken for the list of Certificates are listed in the ATC college catalog and are open to all students. LEAP students will follow the standard term of sixteen weeks. Each student will enroll in one (1) class per semester. Credit hours vary depending on the course and certificate. Students may also participate in at least two (2) supervised internships, either paid or unpaid, that are related to the student's employment goals.

LEAP students take classes that are open to all students. The program will identify natural support that fosters academic inclusion which is specific to each student. Students follow Satisfactory Academic Progress (SAP) as stipulated by ATC. Satisfactory progress is determined by a satisfactory grade point average (GPA). Students must maintain a 2.0 cumulative GPA.

Minimum Requirements for Completion of all Certificates are as follows:

1. Students complete the specified number of hours of coursework for credit. LEAP staff will work collaboratively with instructors for appropriate accommodations/modifications to course assignments to prevent faculty from gaining additional responsibilities.
2. Students may complete a minimum of two (2) supervised internships that are related to his/her personal career goal. These internships may be paid or unpaid.
3. A career portfolio is required for completion of the LEAP Certificates. This is also a requirement of ATC. The portfolio will include examples of assignments, campus activities, skills learned through internships, cover letter, resume, etc.

Sample LEAP Curriculum

Year 1

Fall Semester	Spring Semester	Summer Semester
BUSN 1240	BUSN 1100	COMP 1000
3 credit hours	3 credit hours	3 credit hours
New Student Orientation	Money Management	Campus Internship
		Health & Nutrition

Year 2

Fall Semester	Spring Semester	Summer Semester
BUSN 1440	BUSN 1330	BUSN 2160
4 credit hours	2 credit hours	3 credit hours
Campus Internship	Off Campus Internship	Employment
Independent Living		

We are seeking CTP approval for the following certificates:

ATC Classes for the Administrative Support Assistant Certificate 24 credits

- COMP 1000 Introduction to Computer Literacy (3 credit hours)
- BUSN 1240 Office Procedures (3 credit hours)
- BUSN 1400 Word Processing Applications (4 credit hours)
- BUSN 1410 Spreadsheet Concepts & Applications (4 credit hours)
- BUSN 1440 Document Production (4 credit hours)
- XXXX xxxx Occup. Guided Electives (6 credit hours)

ATC Classes for the Child Development Specialist Certificate ----- 14 or 15 credits

- ECCE 1101 Introduction to ECCE (3 credit hours)
- ECCE 1103 Child Growth and Development (3 credit hours)
- ECCE 1105 Health \ Safety and Nutrition (3 credit hours)
- ECCE 1112 Curriculum and Assessment (3 credit hours)

Choose one of the following two courses.

- ECCE 1121 Early Childhood Care & Ed Practicum (3 credit hours)
- EMPL 1000 Interpersonal Relations and Professional Development (2 credit hours)

ATC Classes for the Infant Toddler Childcare Certificate 15 credits

- ECCE 1101 Introduction to ECCE (3 credit hours)
- ECCE 1103 Child Growth and Development (3 credit hours)
- ECCE 1105 Health \ Safety and Nutrition (3 credit hours)
- ECCE 2330 Infant/Toddler Development (3 credit hours)
- ECCE 2332 Infant/Toddler Group Care & Curriculum (3 credit hours)

**ATC Classes for EARLY CHILDHOOD CARE AND EDUCATION BASICS
CERTIFICATE OF CREDIT 9 credits**

- ECCE 1101 Introduction to Early Childhood Care and Education (3 credits)
- ECCE 1103 Child Growth and Development (3 credits)
- ECCE 1105 Health, Safety and Nutrition (3 credits)

ATC Classes for the Culinary Professional Assistant Certificate 17 credits

- CUUL 1000 Fundamentals of Culinary Arts (4 credit hours)
- CUUL 1120 Principles of Cooking (6 credit hours)
- CUUL 1110 Culinary Safety and Sanitation (4 credit hours)
- CUUL 1370 Culinary Nutrition & Menu Develop (3 credit hours)
- EMPL 1000 Interpersonal Relations and Professional Development (2 credit hours)

ATC Classes for the Food Production Worker Certificate 15 credits

- CUUL 1111 Basic Culinary Safety & Sanitation (2 credit hours)
- CUUL 1121 Basic Principles of Cooking (6 credit hours)
- CUUL 1128 Basic Fund. of Restaurant Operation (4 credit hours)
- CUUL 1371 Basic Culinary Nutrition & Menu Development (3 credit hours)

ATC Classes for the Criminal Justice Specialist Certificate 15 credits

- CRJU 1010 Intro to Criminal Justice (3 credit hours)
- CRJU 1030 Corrections (3 credit hours)
- CRJU 1040 Principles of Law Enforcement (3 credit hours)

- CRJU 1068 Criminal Law for Criminal Just (3 credit hours)
- CRJU 2020 Constit Law/Criminal Justice (3 credit hours)

ATC Classes for the Garden Center Technician Certificate 12 credits

- HORT 1010 Woody Ornamental Plant Identification (3 credit hours)
- HORT 1020 Herbaceous Plant Identification (3 credit hours)
- HORT 1140 Horticulture Business Manage (3 credit hours)
- HORT 1080 Pest Management (3 credit hours)

ATC Classes for the Landscape Specialist Certificate 15 credits

- HORT 1000 Horticulture Science (3 credit hours)
- HORT 1010 Woody Ornamental Plant Identification (3 credit hours)
- HORT 1040 Landscape Installation (3 credit hours)
- HORT 1080 Pest Management (3 credit hours)
- HORT 1120 Landscape Management (3 credit hours)

ATC Classes for the Nursery Greenhouse Technician Certificate 15 credits

- HORT 1000Horticulture Science (3 credit hours)
- HORT 1010Woody Ornamental Plant Identification (3 credit hours)
- HORT 1020Herbaceous Plant Identification (3 credit hours)
- HORT 1030Greenhouse Management (3 credit hours)
- HORT 1050Nursery Production and Management (3 credit hours)

ATC Classes for FLORAL ASSISTANT TECHNICAL CERTIFICATE OF CREDIT 15 credits

- HORT 1020Herbaceous Plant Identification (3 credit hours)
- HORT 1030Greenhouse Management (4 credit hours)
- HORT 1720Introductory Floral Design (4 credit hours)
- HORT 1730Advanced Floral Design (4 credit hours)

ATC Classes for the Microsoft Office Application Specialist Certificate 16 credits

- COMP 1000 Introduction to Computers (3 credit hours)
- CIST 2126 Comp Presentation & eMail Tech (3 credit hours)
- CIST 2127 Comprehensive Word processing Techniques (4 credit hours)

- CIST 2128 Comp Spreadsheet Tech (3 credit hours)
- CIST 2129 Comp Database Techniques (3 credit hours)

ATC Classes for DESIGN AND MEDIA PRODUCTION SPECIALIST TECHNICAL CERTIFICATE **15 credits**

- DMPT 1000 Introduction to Design (4 credit hours)
- DMPT 1005 Vector Graphics (4 credit hours)
- DMPT 1010 Raster Imaging (4 credit hours)
- Select one of the following two courses for a min. 3 cr.:
- COMP 1000 Introduction to Computer Literacy (3 credit hours)
- DMPT 1055 Introduction to Media Technology (4 credit hours)

ATC Classes for PHOTOGRAPHER TECHNICAL CERTIFICATE OF CREDIT **27 credits**

- DMPT 1000 Introduction to Design (4 credit hours)
- DMPT 1010 Raster Imaging (4 credit hours)
- DMPT 1020 Introduction to Photography (4 credit hours)
- DMPT 1025 Production Photography (4 credit hours)
- DMPT 2125 Advanced Raster Imaging (4 credit hours)
- DMPT 2135 Documentary Photography (4 credit hours)
- Select one of the following two courses for a min. 3 cr.:
- COMP 1000 Introduction to Computer Literacy (3 credit hours)
- DMPT 1055 Introduction to Media Technology (4 credit hours)

ATC Classes for VIDEO AND FILM EDITOR TECHNICAL CERTIFICATE OF CREDIT **19 credits**

- DMPT 1600 Introduction to Video Production (4 credit hours)
- DMPT 2600 Basic Video Editing (4 credit hours)
- DMPT 2615 Intermediate Video Editing (4 credit hours)
- DMPT 2630 Post-Production Audio (4 credit hours)
- Select one of the following courses (3 credit hours)
- DMPT 1055 Introduction to Media Technology (4 credit hours)
- CIST 1101 Working with Microsoft Windows (3 credit hours)
- COMP 1000 Introduction to Computer Literacy (3 credit hours)

ATC Classes for EVENT COORDINATOR TECHNICAL CERTIFICATE OF CREDIT **9 credits**

- HRTM 1150 Event Planning (3 credit hours)
- HRTM 1201 Hospitality Marketing (3 credit hours)
- HRTM 1210 Hospitality Law (3 credit hours)

ATC Classes for HOSPITALITY OPERATIONS ASSOCIATE CERTIFICATE OF CREDIT **12 credits**

- HRTM 1100 Introduction to Hotel, Restaurant, and Tourism Management (3 credits)
- HRTM 1160 Food and Beverage Management (3 credits)
- HRTM 1201 Hospitality Marketing (3 credits)
- Hotel/Restaurant/Tourism or Related Elective (3 Credit hrs) (3 credits)

ATC Classes for FRONT OFFICE MANAGER CERTIFICATE OF CREDIT **12 credits**

- HRTM 1130 Business Etiquette and Communication (3 credits)
- HRTM 1140 Hotel Operations Management (3 credits)
- HRTM 1210 Hospitality Law (3 credits)
- HRTM 1220 Supervision and Leadership in the Hospitality Industry (3 credits)

ATC Classes for AUTO ELECTRICAL/ELECTRONIC SYSTEMS TECHNICIAN CERTIFICATE OF CREDIT **9 CREDITS**

- AUTT 1010 Automotive Technology Introduction (2 credits)
- AUTT 1020 Automotive Electrical Systems (7 credits)

ATC Classes for AUTOMOTIVE CHASSIS TECHNICIAN SPECIALIST CERTIFICATE OF CREDIT **17 CREDIT**

- AUTT 1010 Automotive Technology Introduction (2 credits)
- AUTT 1020 Automotive Electrical Systems (7 credits)
- AUTT 1030 Automotive Brake Systems (4 credits)
- AUTT 1050 Automotive Suspension and Steering Systems (4 credits)

ATC Classes for NAIL TECHNICIAN Certificate of Credit **20 Credits**

- COSM 1000 Introduction to Cosmetology Theory (4 credits)
- COSM 1070 Nail Care and Advanced Techniques (3 credits)
- COSM 1120 Salon Management (3 credits)
- COSM 1180 Natural Nail Practicum (3 credits)
- COSM 1190 Advanced Nail Practicum I (3 credits)

- COSM 1200 Advanced Nail Practicum II (3 credits)

ATC Classes for BASIC SHIELDED METAL ARC WELDER Certificate of Credit

12 credits

- WELD 1000 Introduction to Welding Technology (4 credits)
- WELD 1010 Oxyfuel Cutting (4 credits)
- WELD 1040 Flat Shielded Metal Arc Welding (4 credits)

The following are anticipated outcomes for students participating in LEAP:

4. Gainful, competitive employment - Students who complete LEAP will be prepared to enter the workforce utilizing skills obtained through internships. In addition, they will acquire knowledge of good work ethics and skills that are learned from the courses which comprise the certificates.
5. Socialization -Students participating in the inclusive postsecondary education experience will enhance their interpersonal skills that will be beneficial to them at work and in the community.
6. Self-confidence - Completing required courses and participating in various activities along with peers boosts student's self-confidence. This will be measured by pre/post interviews in the person-centered planning process. LEAP students will have support from mentors, LEAP staff, and other available resources. Students are expected to become more independent and self-sufficient as they progress through the program. This should transfer from the college setting into their day-to-day living.

Thank you for your time and consideration.

Sincerely,

Dr. Emmett Griswold
President
