

ENROLLMENT ACTIVITIES	Fall Enrollment	Spring Enrollment
RECRUITMENT IEP team discusses college-based transition services (CBTS) with students and families. College and CBTS program information is shared. Students and families are encouraged to attend transition resource fairs and college open houses.	January	September
CAMPUS TOURS & VISITS Students and families are encouraged to visit colleges while they are in session to experience the feel of campus life, meet with students and staff, and attend classes. Many campuses offer guided tours and special events for students and their families.	Throughout spring semester	Throughout fall semester
APPLICATION Students with the support of their family and IEP team complete the college application. District staff checks that all sections are signed off and complete. Completed application is submitted to the college program coordinator or admissions office by the sending district.	February	October
PERSON-CENTERED PLAN Students create a person-centered plan (PCP) with the support of family, friends, teachers, and their IEP team to identify interests, preferences, strengths, and needs. Students are advised to bring a copy of their PCP with them when they meet with their college advisor to register for classes.	March	October
INTAKE MEETING WITH DISABILITY SERVICES Students work with their IEP team to get a current copy of their documentation of disability to share at their intake meeting. This document will be used to determine the student's eligibility for accommodations. Students should be prepared to discuss their learning preferences and the accommodations they have used successfully in the past.	March	October
COURSE REGISTRATION Students will need to set up a meeting with their college advisor to register for classes. One good way to do this is to email the advisor several dates and times the student is available to meet. Prior to the meeting, students should review the college catalog, prepare a wish list of classes, and times available.	April	November
NEW STUDENT ORIENTATION Students and families will be invited to new student orientation prior to the start of their first semester.	August	January

HOW TO THINK COLLEGE, ISSUE NO. 10, 2020

HOW TO THINK COLLEGE is a publication of Think College, a project of the Institute for Community Inclusion at the University of Massachusetts Boston, funded by the Massachusetts Inclusive Concurrent Enrollment Initiative.

Recommended citation for this brief: Hanson, T. (2020). Timeline for Enrollment: College-Based Transition Services. How To Think College, Issue No. 10. Boston, MA: University of Massachusetts Boston, Institute for Community Inclusion.
