

Introduction

Hi, I'm Nikola and I live in Danvers, MA with my family. I'm 19 years old and am a student at the MAICEI Program at Salem State University. I've had several internships through the school district. One of my favorites was working at Brightview, which is a senior living place where I watered plants, helped with recreational activities, kept the resident's company, and even sang to them. Another one of my favorites was job shadowing, which is when I observed or interviewed people with different jobs. In my free time, I like to write songs, sing, hang out with friends, and go to the beach in the Summer.

Vision for the Future

I want to move out of my parents' house and live independently. I want to get a college degree and a career related to the degree and have a songwriting career. I want to get my driver's license and get a car too. When I get older, I want to get married and have kids.

Positive Personality Traits

- » Great memory
- » Articulate

Work goals

I want to have a job that I enjoy.

Accommodations I use

I need extra time on exams, help with time management, a notetaker, and an educational coach.

Transition Assessments

Finding the right job: job seeker planning tool- Business casual, as I like to dress up. Quiet work environment, loud noises are hard for me sensory wise. I would prefer individual work, but I am not sure at this time, I may be open to both individual and teamwork.

Transition Planning Form/ Graphic Organizer- I do well at a job that has the job duties written down as steps.

Career Exploration

Preemployment transition services- I went to the Mass Rehab PREP program for vocational training; job interviewing skills, internships, and we learned about various employment job descriptions/positions.

Job shadow/interview- Social work shadowing which included interviewing Licensed Social Workers from the Public Schools. I was also a part of the parent workshop at Northeast Arc and assisted the MAICEI program staff with their presentation.

Job Experiences/Internships

Snack Shack at North Shore Academy: My job responsibilities were to sell snacks and drinks to students, as well as organizing, cleaning and stocking the shelves.

Breaking Grounds Coffee Shop: My job responsibilities were, washing dishes, stocking supplies, general cleaning, and weighed food items.

Next Steps

I will be doing a third year with the Community of Inclusive Scholars and then hopefully applying to a 4-year college program. I am thinking about studying Psychology or Social Work.
