

Think College National Coordinating Center WEBINAR TAKEAWAYS

WHAT THE NCC CAN DO FOR YOU!

A primary goal of the National Coordinating Center (NCC) is to provide support, coordination, training, and evaluation services for Transition and Postsecondary Education Programs for Students with Intellectual Disabilities (TPSIDs). However, you do not need to be a TPSID to benefit from our work. Regardless of your role or interest in inclusive higher education, the NCC has something for you.

Helpdesk.

A helpdesk that gives you access to 14 technical assistance consultants. We respond to every inquiry we receive, big or small. Email us at thinkcollegeTA@gmail.com.

Videos.

Training and educational videos on topics from starting a college program to understanding federal legislation. In-person presentations and site visits are also available.

Database of inclusive programs.

The only national database of college programs for students with intellectual disability (ID). Visit thinkcollege.net/college-search to search through 308 college programs to find the one that fits you best.

Resources.

Thinkcollege.net has 100s of resources on academic access, housing, employment, paying for college, peer mentors, student credentials, vocational rehabilitation, and so much more.

Groups.

A source to connect you with people with similar interests and needs. You can join affinity groups, Facebook groups, and stay connected through our social media channels.

Lots of good data.

You can use our data to improve services, inform your own work, and support the message that individuals with ID can be successful in postsecondary education.

NCC is your partner.

Our team is ready to work with you in the community, at high schools and colleges, and at the state and federal level to continue to advocate for access to high-quality college options and employment opportunities for people with ID.

If you missed this great webinar, you are in luck! We recorded it and you can watch it for FREE right here!

The message today
is we're here for you.
We want to hear what
you need. We want to
help you meet your
goals around inclusive
higher education.
