Inclusive Education Services 2018-2019 Handbook

Welcome Letter

Dear IES Students,

As we begin the 2018-19 academic year at UCF we are excited to be welcoming 5 new students to join 20 returning students this fall in what promises to be a milestone year for Inclusive Education Services (IES). IES is entering its fourth year at UCF and has evolved tremendously since we welcomed our first class of 6 students in fall 2015.

While the program has transformed considerably since its inception, UCF has remained true to its vision to ‘deliver an innovative and distinctive post-secondary educational experience, by offering individuals with intellectual disabilities immersive campus and vocational opportunities to achieve excellence at UCF and beyond’. We have also remained true to modeling the IES program after how UCF engages with all students as a starting point for all decisions.

While attending UCF, IES students will navigate a similar educational experience as degree-seeking undergraduate students with the intended outcome of securing meaningful employment in a field of interest upon graduation. Like all undergraduate students, IES students will be guided through UCF with the help of professional staff and faculty. This handbook has been developed to provide IES students, guardians and family members, UCF staff, faculty members, and other key stakeholders with a handy reference resource.

Along with implementing a new Professional Services Credential that all IES students will pursue starting this fall, we are particularly excited to see some students engage in off-campus internships for credit for the first time this year. While these are important milestones for the success and sustainability of IES, we are most thrilled to be planning our first cohort of students to graduate from IES and UCF in Spring 2019!

It is with this end goal in mind that the IES staff and I start this new year with elevated levels of excitement. It is our pleasure to assist you in your success at UCF and we look forward to providing guidance and inspiration throughout the educational journey.

Go Knights, charge on!

Dr. Adam Meyer
Executive Director
Inclusive Education Services and Student Accessible Services

Handbook Overview

Summary of Main Handbook Sections

IES Overview

This section outlines the main expectations for students and guides students and families on behaviors and actions that will promote student success and progress toward completion of the Professional Services Credential. The components of the Professional Services Credential are outlined with a reference to academic standing, credit-earning status, course grading, and course assessment practices. This overview also includes information on how IES administrative judgment may be used in circumstances in which students are not fulfilling program expectations.

Satisfactory Academic Progress (SAP) Monitoring

The SAP Monitoring information has been adapted based on the processes used by Financial Services for all students at UCF who receive federal funding. For IES, this information guides scholarship and student federal funding access (pending Department of Education approval and anticipated for 2019-2020). Per state (Florida Center for Students with Unique Abilities (FCSUA) student scholarship) and federal (Department of Education) regulations, students must demonstrate on-going academic progress toward completion of the Professional Services Credential in order to receive the FCSUA scholarship and federal funding (pending approval and where applicable based on student financial need).

General Expectations

The General Expectations section specifies the policies and procedures within the housing environment, when campus is closed due to severe weather or other emergency situations, Title IX and Student Conduct, and UCF Ethical Standards. These expectations help create a safe and sustainable environment where each student can gain new experiences and demonstrate enhanced communication and decision making skills in preparation for meaningful employment and greater independence.

Parent/Family/Legal Guardian Expectations

This section highlights parent/family/legal guardian responsibilities, including what is both important to do and not to do in order to make the immersive experience work and in order for the IES team to maximize collaborations and opportunities with other departments on campus. For students who are their own guardian, IES has specific guidelines and approaches in how these students will be the direct point of contact and the primary decision-makers regarding critical academic and campus matters (classes, housing, on-campus jobs, etc.) pertaining to them. For students who are under legal guardians, IES applies the guardianship status in a very specific manner within our inclusive and immersive experience. Legal guardians who may not be comfortable with our application of guardianship as defined in this section of

the handbook should consider changes in guardianship status and perhaps need to consider whether or not IES is the right option for the student and the family. It is essential that parent/family/legal guardians review and understand this section of the handbook. Any questions pertaining to a family's individual situation should be directed to the IES team for further discussion.

Top 10 Things Students Need to Know in Handbook

1. The main reason you should want to attend IES is because you want to get a great job after you graduate.
2. You will earn a Professional Services Credential if:
 - You attend all classes and complete the coursework
 - You succeed in your campus job (show up on time, do the work, respect your boss, etc.)
 - You stay actively involved on campus
 - You complete a community internship (show up on time, do the work, respect your boss, etc.)

This credential will show employers you have the skills to be a good worker and it can help you get hired for a job.

3. It is very important to treat all people with respect, to listen to one another, and to share your feelings and interests in respectful ways.
4. Your goal is to finish each semester with “Good Academic Standing.” This means you passed at least 70% of your classes. If you do not pass many of your classes, you will be on “Academic Probation.” If you are on “Academic Probation” two times, you will have to leave IES.
5. You get a money scholarship from the Florida Center for Students with Unique Abilities to help pay for your classes. If you go on “Academic Probation,” you may lose the scholarship and not receive that money to help pay for classes.
6. It is important that you are a good roommate if you live on campus. Be respectful. Help with chores, such as taking out the trash. Listen to roommates if they have concerns. Politely share concerns you may have with roommates.
7. Here is when and how you may talk with the IES team (Carley, Andrew, Angie, Tammi, Adam, and Resource Facilitators) when you have questions or concerns:
 - a. During your one-on-one Resource Facilitator meeting
 - b. During your study sessions with a Resource Facilitator
 - c. Making an appointment to meet with someone
 - d. Send an email to someone

- e. Call the person's office phone and leave a message if they are not available
- f. Stop by the IES office to meet with a Resource Facilitator, to see if someone else is available or to make an appointment.

Please use emails and work phones to contact us. You may not text or call the IES Team or your Resource Facilitators. The IES team, including Resource Facilitators, will not respond to any texts or calls in the evenings or on weekends.

8. The IES team wants to work with you so that you can achieve your goals, your interests, and your dreams. Your thoughts and ideas matter. The IES team will work with your parents and family when needed however, it is important to us that your voice is heard.
9. We expect that you will learn how to do more and more things on your own. For example, you will learn how to talk with your work boss about a problem without the IES team or your parents talking to your boss. You will learn how to have better talks with roommates without the IES team always being involved. You will learn how to get your homework done without a Resource Facilitator always asking you what you need to do. The IES team will help you learn many different skills and we will support you when you try different things on your own.
10. You may be suspended from IES or need to leave IES if:
 - You are not passing your classes;
 - You are often not respectful to other people;
 - You are not showing an interest in getting a job after your graduate;
 - You often create or are part of problems that hurt other people ;
 - You do not following the rules in Housing;
 - You do not listen to and learn from the feedback the IES team, professors, work supervisors, Housing staff, or other UCF people give to you;
 - You are often part of other problems not on this list and do not show us any signs that you are working to change your behaviors.

Most importantly, we are so excited to have you be part of IES!! We are here to work with you. We want to see you do well in your classes, to enjoy your work, to get involved on campus, and to enjoy spending time with friends. College is a great experience. Always remember the NUMBER 1 REASON why you are here: to get a paid job after you graduate!

IES Overview

Inclusive Experience and Student Eligibility

IES staff encourages students to become as independent as possible. This is achieved through immersive and inclusive experiences that connect students with traditional formal and informal college campus experiences. UCF faculty and staff will work with IES students in the same manner as they would any other enrolled non-degree seeking student. Conduct violations and/or behavior disruptive to the unit's programming will be addressed by IES, UCF's Office of Student Rights and Responsibilities and/or Housing and Residence Life.

For this type of immersive and inclusive experience to truly work and because we firmly believe that students with intellectual disabilities are capable of succeeding in the postsecondary environment to achieve a UCF credential, the IES experience will require students to meet the following criteria while enrolled:

- Follow policies, regulations, and procedures pertaining to:
 - The IES program,
 - [The Undergraduate Catalog](#),
 - [Continuing Education](#),
 - [The UCF Student Code of Conduct](#), and
 - [Housing and Residence Life Community Living Guide](#).
- Possess the self-reliance and responsibility necessary to be able to safely and independently navigate campus, function within the classroom, and live successfully within his/her residence hall room, etc. without supervision and within the resources that IES and UCF staff and faculty can reasonably provide;
- Consistently exercise acceptable emotional regulation and social behavior as well as the ability to get along with peers, follow rules, accept instruction, and display a level of social maturity conducive to a college environment;
- Demonstrate a strong desire to become gainfully employed upon completion of the Professional Services Credential and a willingness to learn vocational skills to reach that goal;
- Maintain a consistent desire to attend college and learn;
- Collaborate with family/guardian and support system committed to a collaborative partnership with UCF;
- Communicate effectively and collaboratively with IES/UCF personnel;
- Meet personal care needs either independently or by privately contracting with a personal care assistant;

- Independently and accurately manage and administer medications;
- Satisfy the entire range of academic objectives as defined by the course instructor and IES staff when auditing the course and ensuring that class work and attendance are satisfactory;
- Independently manage a weekly schedule with reasonable support from the IES team and with the expectation that the student become more individually independent with time in IES;
- Follow all syllabi modifications and meet requirements for UCF courses with or without reasonable accommodations;
- Identify and engage in productive campus activities;
- Respect IES staff, Resource Facilitators, and students (i.e., by attending scheduled meetings, being engaged during mentoring, respecting boundaries, etc.);
- Respect IES and UCF staff feedback and guidance with respect to professional, academic, and behavior development while making a genuine effort to put the feedback into daily practice and adapt to change;
- Participate in all required parent/guardian, student, and staff team meetings;
- Inform IES and UCF staff of any grievances and/or dissatisfaction with services;
- Utilize IES and UCF resources in appropriate amounts and in appropriate circumstances (not relying too heavily on IES staff without trying to solve problems and situations on own; contacting Housing RAs only when absolutely necessary; contacting UCF Police only in true emergency situations, etc.).

Each student is ultimately responsible for their success at UCF. Therefore, it is critical for all IES students to have the desire, motivation, and persistence to pursue a successful post-secondary experience and to adhere to all IES requirements and expectations.

IES will achieve an inclusive, comprehensive, and immersive campus experience through the following supports, accommodations, and access to and collaboration with university services and departments:

- Individualized discussion and planning that reflects the student's vocational and academic goals along with personal development interests;
- Access to UCF courses, student resources, student organizations, clubs, and campus membership;
- Academic mentoring and co-curricular engagement support via Resource Facilitators;
- Career awareness and development through the utilization of campus career resources;
- Opportunities to participate in on-campus housing based on availability and that the student is enrolled in at least two academic courses per semester;
- Progress monitoring and evaluation through the Satisfactory Progress system, which may include placing the student on probation from IES and/or being dismissed from IES should student performance fall below expectations and requirements;

- Close collaboration with other UCF departments such as Housing and Residence Life, Student Health Services, Counseling and Psychological Services, Career Services, etc. The IES team follows the policies, practices, and service timelines used by these and others offices on campus with adjustments made only in extenuating circumstances.

IES mirrors the typical college experience for matriculated non-degree seeking students and does **NOT** provide the following:

- 24 hours a day/7 days a week one-to-one supervision and personal care support,
- Private transportation,
- Guaranteed placement in *exact* student-chosen courses for audit,
- One-on-one companionship throughout program day and/or night,
- Daily/weekly reports to parents/guardians regarding student progress,
- Behavioral supports,
- Guarantee of successful completion of the Professional Services Credential, or
- Guarantee of paid employment during or upon exiting UCF.

In addition, UCF and IES are **NOT** responsible for the following:

- Students' personal belongings,
- Student medication management and administration of medication,
- Personal finances and monies,
- Ensuring attendance for courses and activities,
- On-campus decision-making and student conduct; or
- Diet and food selections while on campus.

Behaviors within the norm or considered "age appropriate" for college students (i.e. student exploration with tobacco, alcohol, sexuality, and freedom of expression among other behaviors) are not the responsibility of IES staff to monitor, and IES students make the choices on how to handle the above-listed responsibilities. That said, IES and UCF staff may become involved based on the outcomes and consequences of choices made.

Professional Services Credential Summary

The Professional Services Credential was developed through a study of the Orlando job market demand, UCF's specialties, and the interests of current and prospective IES students. It is comprised of a minimum of 42 course hours (units) within 3 distinct concentrations to be completed over 5 semesters. The

concentrations are Hospitality, Education, and Social Services (see Appendix B). Students enrolled prior to Fall 2018 will have a fourth concentration (General Studies) to select from.

Each concentration includes academic courses, co-curricular experiences, and high-impact practices, which are all designed to promote the participants' subsequent gainful employment in a vocational area of interest. While the ultimate goal of IES is to increase students' meaningful employment opportunities and outcomes, the expectation is that students who go through the IES experience will also evolve personally and academically.

The Professional Services Credential is a non-degree program of study available to eligible students who are not able to access or would have trouble succeeding in traditional post-secondary institutions of higher education. All academic coursework available to participating IES students is also available to all UCF degree-seeking undergraduate students who meet prerequisite requirements. However, most IES students will audit the courses and receive modified course assignments relative to their abilities and aspirations. Under those circumstances, IES students will not earn UCF academic credit for completing the course but will earn IES credential units to fulfill the program of study requirements. In rare instances, students within IES may enroll in a course for academic credit. The capstone internship course credits are the most likely scenario in which this will occur.

The information and expectations contained in this handbook are particular to the Continuing Education IES Program of Study and based primarily on information contained in the UCF Undergraduate Catalog, information within the IES Comprehensive Transition Program (CTP) application, and based on policies and practices designed to meet the unique needs of the IES students and its stakeholders. When situations arise that are not addressed within this handbook, existing University procedures and policies (e.g., Undergraduate Catalog, Golden Rule student handbook, etc.) will be a reference point for how IES staff and UCF administration will address unique situations.

Professional Services Credential Academic Coursework

Irrespective of a student's concentration in the Professional Services Credential, all students will need to complete 9 core courses (27 academic credit and/or credential units) that include Strategies for Student Success, Introduction to Communications, Career Planning I, II, & III, Personal Leadership, 2 on-campus work experiences, 3 credential units of co-curricular engagement activities, and a capstone community work internship. New students will also need to complete 5 courses (15 academic credit and/or credential units) in specific courses identified for each concentration. Returning students who successfully completed courses prior to the implementation of the Professional Studies Credential will have these courses applied to a General Studies Concentration.

Required Co-Curricular Engagement and On-Campus Work Experiences

Students within IES are expected to participate in various clubs and organizations, leadership roles in different organizations (when available and possible), volunteer opportunities, campus employment, and pre-internship opportunities available to all non-degree seeking students as well as a range of other activities that facilitate learning beyond the classroom. Students within IES must participate in various activities aligned with professional and personal interests as part of the co-curricular requirements of the Professional Services Credential. Students will earn academic credit and/or credential units for successful completion of different campus and work activities.

IES provides students with intellectual disabilities the opportunity to engage in postsecondary education with their non-disabled peers. This includes academic coursework, residential life, and social and co-curricular activities and experiences with peers without intellectual disability. UCF's best practices for inclusive education are grounded in the facilitation of natural supports for social inclusion. All students who participate in the IES program pay student fees and are eligible to participate in all UCF social clubs and organizations, as available to all other non-degree seeking UCF students. Facilitating natural supports and inclusion within the social aspect of college life may include helping the student identify co-curricular activities he or she is interested in pursuing, determining how to balance social and academic life, learning how to live safely and harmoniously with roommates, and fostering relationships with students who have similar interests.

Students may engage in both formal and informal social activities. Informal activities include meeting friends and fellow students outside of class or utilizing the Recreation and Wellness Center in downtime. Formal activities include UCF sponsored events, intramural sports, and events hosted by registered student organizations. UCF offers a wide range of formally organized social activities, which can be viewed at the Office of Student Involvement [website](#).

Initially, IES students may be accompanied by Resource Facilitators or volunteers to provide help navigating the UCF campus. However, over the course of their progression through the program, students gain a higher level of independence and sense of belonging, which in turn allows them to feel more confident navigating and interacting with the broader UCF student body without the presence of a Resource Facilitator. IES also utilizes Resource Facilitators and volunteers to connect students with social outlets and interests as well as volunteer work opportunities on the UCF campus for additional student engagement. This approach not only widens a student's social networks but also directly supports career readiness.

Internships

The IES program of study requires students to complete a one-semester capstone, supervised internship related to the student's career goal. Internships can be paid or unpaid and can include work opportunities both on-and-off campus. In addition, students will be expected to have their work internships and work-based training in settings with individuals without disabilities. This expectation serves to help ensure students' successful transition into gainful employment positions aligned with their interests. Additionally, prior to enrolling in the capstone internship, IES students will be expected to successfully participate in paid or unpaid work experiences on campus.

Based on 2016 data from the National Association of Colleges and Employers, the following employee attributes have been rated highly by employers as being sought after skills in the employee recruitment process. Students will be assessed in their academic coursework and co-curricular experiences for their abilities to demonstrate these desirable employment attributes:

- Leadership
- Ability to work in a team
- Written and verbal communication skills
- Problem-solving abilities
- Strong work ethic
- Initiative
- Analytical skills
- Flexibility and adaptability
- Interpersonal skills (working well with others)
- Detail orientation
- Organizational and time management ability

Credit-Earning Status and Grading

Students within IES typically enroll in UCF courses on an audit basis but may enroll for academic credit and/or credential units depending upon students' aptitude and with guidance received from their IES advisor(s) and the informed decision made by each student for each course. When applicable, legal guardians of IES students are involved in the decision-making process.

Students who audit courses are provided modified course assignments and assessments of student learning in the course as approved by the course instructor, academic advisor, student, and IES staff member. IES students who successfully complete these courses will earn credential units towards their Professional Services Credential. These units are **non-transferable** to another institution of higher education.

Students who enroll in a course for academic credit are responsible for all course requirements as articulated in the course syllabus without any modifications and are graded on the same scale as all other UCF students enrolled in the course for academic credit. In these rare instances when an IES student enrolls in a course for academic credit, the only accommodations to which the student is entitled are those available to any other UCF students with disabilities connected with UCF's Student Accessibility Services. IES students who successfully complete these courses will earn academic credit towards their Professional Services Credential. These credits may be **transferable** to another institution of higher education.

IES Program Expectations and Administrative Judgment

The safety and security of all students, staff, and visitors is among the highest priorities for the UCF community. Simultaneously, academic success and career placement of IES students are among the highest priorities of the IES program. Failure to comply with the expectations outlined in this handbook can result in the loss of on-campus housing privileges, suspension, or dismissal from the IES program at UCF.

IES administrative judgment may be used in circumstances in which students are not fulfilling these program expectations to administratively remove a student from housing (with the option to continue to participate in IES as a commuter student), suspend a student from IES for a period of time, or disqualify a student from IES altogether if a student:

- Experiences substantial and on-going difficulty with program requirements, student expectations/responsibilities, or places an unreasonable burden on IES and UCF staff to manage (beyond the realm of our resources);
- Experiences significant personal hardship with any of the academic, vocational, medical, counseling, or social and campus life activities as outlined in enrollment documents shared with students and families;
- Demonstrates minimal to no academic, personal, and/or professional performance improvement despite individual and family conversations regarding a student's personal situation;
- Utilizes significant IES and/or UCF resources for an extended period of time beyond what might be reasonably expected or can be reasonably managed due to behaviors or actions beyond what is outlined within IES student expectations;
- Repeatedly ignores, disregards, or fails to professionally or personally grow from IES team feedback, outreach efforts, and other support measures that the IES team attempts to implement for the benefit of the student, the IES community, and the UCF community; such actions are

problematic when the student's progress to program completion is significantly compromised or when the IES or UCF community is negatively impacted as a result;

- Poses a considerable and on-going threat to the safety, physical and/or emotional well-being of self and/or IES and/or the UCF community (verified through various means of documentation and communication);
- Is identified as a confirmed and/or alleged offender of the UCF Student Code of Conduct, as verified through Student Conduct, Title IX, housing incident reports, and IES documentation where the confirmed or alleged behavior(s) significantly or collectively impact the IES and UCF community while also creating substantial hardship on IES and UCF personnel resources.

In the vast majority of circumstances, IES staff will have had prior and collaborative contact with students and, where permitted or required, parents/family/legal guardians about the matters of concern that may lead to administrative action. The goal is to lead to a resolution and to shift behavior before administrative action is necessary. However, it cannot be promised that prior notification will be provided. Administrative action may be effective immediately and without a semester or prior warning based on the situation.

Academic Course Expectations

Course Attendance

Students within the IES program of study are expected to meet the syllabus attendance requirements for courses in which they are enrolled, irrespective if they are taking the class for academic credit or credential unit. Students are not authorized to attend class unless they are on the class roster or have been approved to audit and have paid audit fees.

Students are responsible for satisfying the entire range of academic objectives as defined by the course audit plan (when auditing the course) or the course syllabus (when taking the class for a grade), the course instructor, and IES staff.

Students should understand that attendance policies and procedures vary among instructors and academic units and they must observe any special attendance regulations stipulated by the IES program or instructor. Reasons for acceptable absences may include illness, serious family emergencies, court-imposed legal obligations, special curricular requirements (e.g. field trips and professional conferences), severe weather conditions, and religious holidays. Students should also be excused for participation in official University-sponsored activities when approved by the IES staff.

When absences threaten a student's satisfactory completion of a course, the instructor may report the absence to the IES staff and may choose to call upon the IES office to request additional information and insight into the significance of or reason for the absences.

Classroom Responsibilities

Students are responsible for maintaining classroom decorum appropriate to the educational environment. When the conduct of a student or group of students varies from acceptable standards and becomes disruptive to normal classroom procedures, the instructor has the authority to remove the offending party or parties from the room and refer the student(s) to the Office of Student Conduct for disciplinary action.

Methods for Determining Successful Completion of a Course

Completing a Course for Academic Credit: Successful completion is defined as earning a grade of A, B, C, D, or S as outlined in the course syllabus and without course or assignment modification. Unsuccessful completion is defined as earning a grade of F, I, W, X, N, U, WF, NC, WH, WM, or WP.

Auditing a Course (for no academic credit but for credential units): Successful completion of an audited course is determined using the IES Grading Rubric, designed with UCF faculty input. The rubrics are intentionally flexible and determined on a student-by-student and course-by-course basis. The final academic success rubric for each student in each course will be collaboratively developed and approved by the student, the course instructor(s), an IES staff member, and possibly a faculty member in the Department of Child, Family, and Community Sciences. Each approved rubric must identify and quantify the student's learning objective for a given course. To this end, criteria appropriate to the course are selected from a master list established for the IES program. Learning objectives for successfully meeting the chosen criteria are also defined.

For every course, at least four course learning objectives or learning experiences must be identified. Student performance relative to these learning objectives is also assessed. At least half of the criteria selected must involve an evaluation of student learning (e.g., performance on class assignments, tests, quizzes). The remaining criteria are flexible and may address goals for attendance (dependability), class participation (initiative, teamwork), or other criteria appropriate to the student's abilities and aspirations.

For each criterion identified in a given course, the instructor or the IES team assigns a satisfactory or unsatisfactory outcome depending upon whether or not the student's personal goals (targets) for that criterion were met. Successful completion of an audited course is determined if a student achieves a satisfactory outcome on at least 70% of the criteria attempted in that course. In a scenario where four

criteria are selected, at least three will need to be completed at a satisfactory level to successfully complete a course. All students who attempt to audit a course will receive an "administrative grade" on their UCF transcript to track the total number of attempts. The administrative grade communicates that the course is non-transferrable to a degree program internal or external to the University.

Students who do not complete the course content, or who withdraw from a course or internship without proper permission granted by IES will receive an unsatisfactory assessment for that specific course for the semester.

Academic Standing, Probation, and Disqualification

IES has developed its own academic probation and disqualification policy (explained below), which is separate from the Satisfactory Academic Progress (SAP) monitoring system.

- Good Standing: IES students will start and remain in good academic standing so long as they successfully complete at least 70% of their courses for academic credit and/or credential units each academic semester.
- Probation: IES students who do not successfully pass 70% of all courses for academic credit and/or credential units attempted in any semester will be placed on academic probation. These students will be given a specific support plan to assist with positive academic progress, which may include academic standards higher than the 70% threshold in subsequent semesters. Failure to comply with the support plan may result in the student being disqualified from the IES program of study and UCF.
- Disqualification: IES students who do not pass 70% of courses for academic credit and/or credential units for a second semester (consecutive or interspersed) will be disqualified from IES. A student who is disqualified **shall not** reapply to IES for twelve months following disqualification and would need to reapply to the IES program during the next available admission cycle post twelve months. Readmission after one year is **not** automatic.

Satisfactory Academic Progress (SAP) Monitoring

No IES student will enroll in all their courses for academic credit. Since IES students are not degree-seeking, the University's standard financial aid Satisfactory Academic Progress (SAP) policy will not apply to this population. Instead, the University has developed a parallel policy outlined below.

As with the general UCF student population, SAP monitoring for IES students shall consider a quantitative completion ratio requirement. In rare cases when courses are taken for academic credit, a qualitative measure of cumulative academic performance will also be considered. The modified SAP policy will be monitored at the end of each semester.

SAP Quantitative Measures of Progress

IES students must successfully complete at least 70% of all attempted courses for academic credit and/or credential units in order to demonstrate reasonable satisfactory progress. This threshold is identical to that used for the general student population but the method for determining successful completion of a course shall vary depending upon whether or not it is taken for academic credit or for a credential unit.

Students who do not earn 70% of all courses for academic credit and/or credential units attempted in any semester will be placed on financial aid warning for the subsequently enrolled semester. Once placed on financial aid warning, the student must meet all SAP standards during the next evaluation period. Students who do not meet SAP in the next evaluation period may submit an appeal to Financial Services with documented extenuating circumstances if they wish to request possible reinstatement of financial aid eligibility. The documented extenuating circumstances should support the student's reasons for not meeting SAP. If approved, a student will be placed on SAP probation and may receive financial aid. However, the student must meet the probation standards outlined in the appeal approval letter and follow the courses prescribed on the Academic Plan included with the appeal.

In semesters where a student enrolls in a course for audit and in another course for academic credit, each course will be included in the 70% quantitative measure of progress.

SAP Qualitative Measures of Progress

Qualitative measures of progress are designed to determine adequate cumulative performance across all credits and/or credential units attempted. Similar to evaluating successful completion of a given course, overall cumulative performance in the IES program shall be evaluated differently when courses are completed for academic credit and when they are audited for credential units.

When academic credit is awarded, grade point average (GPA) shall be used to determine adequate cumulative performance across all courses taken for credit using the same method as that applied to other UCF undergraduate students. Specifically, students must maintain a 2.0 minimum cumulative GPA at the end of each semester that includes all courses completed for credit to date.

Again, most IES students will audit courses and not receive a grade. As such, no GPA will be calculated for those courses. Instead, satisfactory cumulative performance for audited courses is defined as successfully completing a minimum of 70% of attempted courses. When a student takes a combination of credit-bearing and audited courses, satisfactory cumulative performance will be defined as successful completion of 70% of all courses as measured by the course grade or the audit assessment process.

Students who both audit courses and complete coursework for academic credit must meet minimum standards for both scenarios in order to demonstrate satisfactory cumulative performance.

Maximum Timeframe for Credential Completion

Federal regulations require that the maximum timeframe for a student to complete their education program is 150% of the required number of credit hours and/or credential units needed to complete the program. Students who reach their attempted hours limit will be placed on a cancellation status, effective the next term enrolled. As a result of these maximum timeframe requirements for financial aid eligibility, students participating in IES will not be able to receive federal funding if they exceed 63 course hours and/or credential units attempted while participating in this program.

Students are required to finish their program of study within the number of hours allowed by the SAP Policy and in accordance with the policy on repeated courses. IES students may not exceed 3 years (9 semesters) to complete their program of study without extenuating circumstances approved by the University.

Maximum timeframes are monitored each term for progress since students may reach the maximum number of hours or the maximum number of terms allowed at any point in the academic year. Students who are approaching program maximums are sent a warning notice from Financial Services.

SAP Footnote: The SAP monitors the student receipt of the Florida Center for Students with Unique Abilities annual scholarship and student federal financial aid (pending approval from the Department of Education with an anticipated availability in 2019-2020).

General Expectations

Housing

Due to a high demand from one of the largest undergraduate student population on a college campus, living in on-campus housing is a privilege afforded to IES students when housing is available. UCF's Housing and Residence Life (HRL) coordinates with IES staff to place students in on-campus housing. IES staff provides information and guidance to the IES students as they go through the housing process and meet with the HRL staff to provide periodic support and professional development. Students who live on campus are expected to complete the Residence Life Curriculum utilized with all on-campus students and can serve on residential life committees just as all other on-campus housing students. Students who choose to live off-campus commute on a daily basis to the UCF campus via their own means (personal or public transportation).

General housing guidelines include but are not limited to:

- Being responsible for living space and maintaining common spaces after each use (living room, bathroom, community common room, kitchen, etc.);
- Behaving in a way that is conducive to a successful community living environment for all roommates, suitemates, and students in the community;
- Treating all roommates and peers in the residence halls with respect;
- Abiding by quiet hours, roommate agreements, and collaborate with roommates to maintain common living spaces (trash rotation, etc.);
- Appropriately utilizing Housing resources, including RAs and other Housing personnel, for the right reasons at the right times in the same manner as the average student would be expected to use Housing resources;
- Attending weekly roommate meetings led by IES staff to discuss roommate conflicts, what's going well, and to make changes to the roommate agreement.

There are other guidelines set forth by the HRL. These include, but are not limited to, the content included in housing agreements, living learning community expectations and agreements, website and all verbal and written instructions from University staff and as stated in the [Community Living Guide](#). Violation of the HRL guidelines may result in removal from Housing and/or disciplinary review through the Conduct process. Additionally, violations of University policy or local, state, or federal law will be enforced by all University staff.

Vacating for Campus Shut-Down (Severe Weather or Other Incidents)

On occasion, UCF will be required to shut down campus during a state of emergency or other critical times when deemed necessary for the safety and security of the UCF community. In these situations, it is preferred that all students living on-campus go home. If going home is not an option, IES staff will work with the student and their parent/guardians to help students secure a safe place to stay off-campus while campus is closed. Staying with an IES staff member will not be an option.

UCF classifies specific staff members as essential personnel who may be required to work or be on campus for these emergency situations. Residence Assistants (RAs) in Housing and Residence Life, and Coordinators and Resource Facilitators in IES are not considered essential personnel. For the safety and security of IES students and staff, all will be expected to vacate campus when advised during these situations. We strongly recommend that students and families proactively have plans in place that can be utilized based on the nature of the situation.

UCF Ethical Standards

Integrity is one of the tenants of the [UCF Creed](#) and the values shared within the UCF community. UCF expects members of the University community to demonstrate an unwavering commitment to the highest standards of excellence and ethical behavior. This includes:

- Honesty and Integrity
- Respect
- Responsibility and Accountability
- Stewardship

Student Conduct

Students are subject to federal and state laws and local ordinances as well as regulations prescribed by the University of Central Florida and the Florida Board of Governors. The breach or violation of any of these laws or regulations may result in disciplinary action. Behavioral breaches of state law, UCF requirements, or IES program expectations are grounds for suspension or dismissal from the program of study and the University. Detailed conduct regulations and procedures are presented in [The Golden Rule](#).

A person applying for admission to UCF who has declared a violation of conduct policies at a previous college or university or has been charged with a violation of the law (including traffic violations that

resulted in a fine of \$200 or more) may have circumstances of the case reviewed by the Office of Student Conduct to consider eligibility for admission.

Title IX

Title IX protects people from discrimination based on sex in education programs or activities that receive federal financial assistance. The University of Central Florida does not tolerate sexual misconduct or interpersonal violence that occurs on-or-off campus and will take prompt and effective steps to:

- End the behavior,
- Eliminate any existing hostile environment;
- Prevent incidents from recurring, and
- Remedy the effects of such incidents.

It is important to note that IES or UCF personnel will not necessarily contact parents and family prior to the official start of a conduct case or a Title IX case involving the student, including an investigation of suspected misconduct in which the student is involved as an accuser, accused, or witness. IES staff will speak with the student about options on how to proceed, including whether or not parents and family should be notified, along with the benefits and challenges of the various options. At times, IES staff may deem it necessary to contact parents and family even if that is not the student preference and will inform the student of such action when so. IES staff will exercise administrative judgment as to when other day-to-day instances warrant legal guardian notification.

Parent/Family/Legal Guardian Expectations

The program will expect engaged and on-going parent/family/legal guardian adherence to IES' philosophy of facilitating an opportunity for the student to have an independent college experience. Parent/family/legal guardian responsibilities include:

- Balancing the need to support and guide the student where appropriate with the necessity of letting the student make choices, explore opportunities, experience success, and encounter failure (significant and over-burdening parental/family/legal guardian involvement may provide short-term victories but mitigates long-term success);
- Securing funding for the student's participation (academic courses, related academic expenses, housing, meals, daily living needs, etc.), which may include support from the Florida Center for Students with Unique Abilities, Vocational Rehabilitation, other scholarships, and personal resources;
- Supporting students with transportation to off-campus internships;
- Supporting students independence and allowing students opportunities to actively participate in situation management with the support of the IES staff as needed; achieving this responsibility includes not contacting UCF professors, UCF work and volunteer supervisors, or other UCF campus department staff on behalf of a student. Failure to meet these guidelines can result in termination of student's academic, work, or campus experience;
- Acknowledging that an IES student is held to the same standards and consequences for conduct as any UCF student;
- Acknowledging that IES retains the right to make administrative judgment decisions that will include not contacting parents/family/legal guardians regarding most day-to-day decisions and that may include administratively removing a student from housing (with the option to continue to participate in IES as a commuter student), suspending a student from IES for a period of time, or permanently removing a student from IES;
- Participating in all required meetings asked of the IES staff;
- Conducting all communication with IES/UCF staff in a professional and civil manner.

Student Disclosure and Parental/Family Communication

IES and UCF staff engage with the students first and foremost. The students are the ones who are expected to make decisions about what classes to take, what jobs to pursue, what campus activities to explore, and what social experiences to participate in, based on personal preferences. All students affiliated with IES

are also connected with Student Accessibility Services (SAS). For any student connected with SAS, the students are given a Communication and Consent document through which the student may sign off on permission for IES and SAS staff to communicate with parents as necessary. Even when this consent is signed by a student, IES and SAS first work with the student. Administrative judgment is utilized to determine when to contact parents regarding day-to-day student matters. To further clarify, administrative judgment is utilized as follows for these primary areas of the student college experience:

- **Academic and Vocational:** IES staff will work with students in making final decisions on academic courses for a given semester and prior to a student interviewing for and securing a campus job, campus volunteer experience, or a community job or internship experience. Parents and family supports are encouraged to be actively involved in these conversations with students and may contact IES staff with insight and questions pertaining to this process. However, IES staff will not automatically contact parents and family supports prior to final decisions in these areas. Furthermore, parents and family supports will not be notified about specific day-to-day activity within a class or a job, such as a student skipping a class, oversleeping for an exam, or missing a work shift. IES staff will exercise administrative judgment as to when such day-to-day instances warrant parent and family notification.
- **Medical:** Students who choose to use Student Health Services (SHS) may do so on their own terms. IES staff may accompany the student for the first visit to assist with any paperwork or other logistics. At select times, per student consent, IES staff may participate in a treatment visit with appropriate authorization in the SHS system. In the rare event that the student experiences other medical services on campus (such as an ambulance visit or other emergency care), IES or appropriate UCF staff will not necessarily contact parents and family prior to or after the rendering of service. IES or UCF staff will work with the student to determine if/how parents should be notified but may also choose to contact parents per administrative judgment.
- **Counseling:** Students who choose to use Counseling and Psychological Services (CAPS) or the Community Counseling and Research Center may do so on their own terms. IES staff may accompany the student for the first visit to assist with any paperwork or other logistics. At very select times, per student consent, IES staff may participate in a counseling visit with appropriate authorization.
- **Document Completion:** Documents that require student signature, such as Housing Contracts or certain forms to be completed on occasion within the Registrar's Office, Academic Services, etc. will not be monitored by IES staff. Students are encouraged to notify parents and family when such action is needed.

- **Social and Campus Life Activity:** As part of the immersive and inclusive experience, informal and occasionally formal social and campus life activity without IES staff and UCF personnel supervision constitutes a significant portion of the student's UCF experience. Therefore, it is essential that students have the opportunity to be freely involved in these social activities in accordance with our philosophy. Students are free to participate based on personal preferences.

Student Disclosure and Legal Guardian Parameters (Where Applicable)

When legal guardianship exists and is on file with IES, this section supersedes the "Student Disclosure and Parental/Family Communication" section above.

To facilitate a truly immersive and inclusive experience, students who are under legal guardianship must be able to interact effectively within the campus environment and the IES program. It is not feasible nor within the philosophy of IES and UCF to update legal guardians about every activity, decision, or experience of a student under guardianship. The program will expect engaged and on-going legal guardian adherence to IES' philosophy of facilitating an opportunity for the student to have an independent college experience. Therefore, IES and UCF will observe the following guidelines for legal guardians:

- **Academic and Vocational:** Legal guardians will be notified prior to a student making final decisions on academic courses for a given semester and prior to a student interviewing for and securing a campus job, campus volunteer experience, or a community job or internship experience; Legal guardians will not be notified about specific day-to-day activity within a class or a job, such as a student skipping a class, oversleeping for an exam; or missing a work shift. IES staff will exercise administrative judgment as to when such day-to-day instances warrant legal guardian notification;
- **Medical:** Students who use Student Health Services (SHS) are required to have legal guardianship notification on file with SHS. Legal guardians will be notified prior to any treatment even if the student initially enters SHS without initial legal guardian knowledge; In the rare event that the student experiences other medical services on campus (such as an ambulance visit), IES or appropriate UCF staff, will contact the legal guardians prior to the rendering of service unless medical services must be provided immediately in the best medical interest of the student;
- **Counseling:** Students who utilize Counseling and Psychological Services (CAPS) or another counseling entity on campus are required to have legal guardianship notification on file with CAPS. Legal guardians will be notified regarding the provision of counseling services;

- **Document Completion:** Documents that require student signature, such as Housing Contracts or certain forms to be completed on occasion within the Registrar's Office, Academic Services, etc. are required to have a legal guardian signature and/or consent in order to finalize the document and actions within the document;
- **Social and Campus Life Activity:** Social and campus life activity without direct UCF personnel supervision constitutes a significant portion of the student's immersive and inclusive IES experience. Therefore, it is essential that students have the opportunity to be freely involved in these social activities in accordance with IES expectations.
 - Should legal guardianship paperwork stipulate that the legal guardian has the authority to make decisions about a student's social environment or other social aspects of the student's life, UCF and IES will not abide by this factor per our immersive and inclusive expectations. If such a stipulation exists within current legal guardianship paperwork, the parameters of the guardianship will need to be modified in practice at UCF in order for the student to be eligible for IES. Legal guardians (with social authority over a student) who are not comfortable with these terms as defined should not pursue or continue with IES enrollment.

Any guardian unwilling to accept these guidelines for their student's participation in IES must make that known to IES prior to enrollment or the start of the semester at which point it will be within the sole discretion of UCF whether to enroll the student in IES or not.

The legal guardian's signature on this handbook is an acknowledgement and acceptance that these guidelines are accepted by the legal guardian for their ward and that these guidelines meet the legal guardianship requirements. Failure to abide by these guidelines may result in student disqualification from the IES program.

Legal Guardians and the student may discuss these parameters with IES staff and other UCF personnel as appropriate. Any adjustments to what is defined above, if agreeable to UCF, must be clearly stated and finalized in writing. Please note that strong deference will be given to what has been outlined in accordance with our immersive and inclusive philosophy.

To finalize the legal guardianship arrangement with IES, legal guardians must submit the most updated legal guardianship paperwork that supports the level of guardianship understood to be in place.

IES 2018-2019 Handbook Acknowledgement and Signatures

The signatures on this 2018-2019 Student Handbook are an acknowledgement and acceptance of the IES and UCF guidelines and requirements. Specifically, the signees agree to the guidelines and requirements listed in the following sections:

- IES Program Expectations and Administrative Judgment (pgs. 14-15)
- Parent/Family/Legal Guardian Expectations (pgs. 23-26)

In the event that a situation arises that warrants specific action and consideration, this Handbook will be used to guide decisions made.

Appendix

2018-2019 IES Projected Costs

IES/UCF Activity	Individual Cost	Frequency	Total Cost for 2.5 Years (5 Semesters)
Academic Courses (in-state)	Approximately \$225 per unit	42 units	\$9,450
Academic Courses (out-of-state)	Approximately \$750 per unit	42 units	\$31,500
On-Campus Housing (optional)	Approximately \$3200 per semester	5 semesters	\$16,000
UCF Meal Plan (optional) or personal food plan if living on-campus	Approximately \$2000 per semester for UCF Meal Plan (expenses will vary with personal plan)	5 semesters	\$10,000
Books and other academic fees and needs	Approximately \$1,000 per semester	5 semesters	\$5,000
Approximate Total Cost In-State for 2.5 years (5 semesters) with Housing, Meal Plan, and Academic Materials			\$40,450
Approximate Total Cost In-State for 2.5 years (5 semesters) without Housing and Meal Plan but with Academic Materials			\$14,450
Approximate Total Cost Out-of-State for 2.5 years (5 semesters) with Housing, Meal Plan, and Academic Materials			\$62,500

Based on 2018-2019 Costs and Subject to Change without Notice

- IES is currently an approved program through the Florida Center for Students with Unique Abilities (FCSUA). With this designation, all students automatically receive an annual scholarship of up to \$7,000, to be used toward academic expenses. Students may receive no more than \$14,000 during the duration of the IES experience so long as the student maintains satisfactory academic progress. Failure to meet satisfactory academic progress and being placed on academic probation can increase expenses, can result in loss of scholarship, and can increase the semester(s) needed to earn the credential.
 - Per state guidelines and given the IES curriculum design, students will receive an FCSUA scholarship (currently set at the maximum amount of \$3,500) in the fall and spring semester. For the capstone internship experience during the summer semester, the scholarship cannot be applied because the annual academic limit of \$7,000 will have been reached.
- Students may receive tuition assistance from Vocational Rehabilitation (VR) if IES aligns with the student's individualized plan for employment. Students are encouraged to contact the VR counselor in their county to explore options available.

Employee Roles and Functions

Executive Director

The Director of IES is responsible for the direction and leadership for the department by planning, developing, and implementing an accessible, postsecondary experience for students with disabilities. Duties include program management, staff supervision, strategic planning, and fiscal management.

Assistant Director

The Assistant Director is responsible for facilitating and supporting the day-to-day experiences of students with intellectual disabilities, facilitating access on campus, and managing the person-centered plans, goals, and activities of the students enrolled. Duties include student course management, behavior management, and staff supervision.

Accessibility Consultant

The IES Coordinator or Accessibility Consultant facilitates access to courses, programs, services, and activities for students with disabilities. Duties include implementing best practices in promoting inclusive design, determining and facilitating reasonable accommodations, assessing service effectiveness, supporting the IES Assistant Director with day-to-day tasks, and staff supervision.

Career Liaison

The Career Liaison oversees the community-based integrated internship and employment experience that students with intellectual disabilities must successfully complete in order to graduate from UCF. Duties include developing individualized vocational goals, developing relationships for employment and internship experiences, and facilitating the necessary support to the employer and the student to create the greatest opportunity for a successful work experience.

Office Manager

The office manager assists the full-time and part-time staff with administrative duties such as meeting organization, personnel issues, budget, event planning, and other special projects.

Peer Resource Facilitator

Peer Resource Facilitators provide a range of support services for students participating in the IES program. A Resource Facilitator is a full-time graduate or undergraduate student at UCF professionally screened and trained who assists the students as needed and is typically the primary point of contact assigned to each student. Duties include providing academic support, time management support, and social support to students with intellectual disabilities throughout the semester. Peer Resource Facilitators consistently evaluate when IES students have mastered certain skills (appropriate classroom decorum,

notifying instructor if they have to miss class, etc.) and tasks (navigate campus on own, turn in course assignments on time, etc.) so students become more proficient with their academic, personal, and professional skills development.

Volunteer Supports

Student volunteers are UCF students who take more of the role of peer ambassadors to support IES students' full engagement and interpersonal friendships on campus. Student volunteers help with tutoring and academic support, as well as social activities. They also serve as potential work-out partners, campus and services navigation assistants, and companions for formal and informal engagements with the UCF and Orlando communities.

The Professional Services Credentials

Tasked with creating a credential for students with intellectual disabilities aligned with the employment needs of the greater Orlando area, the Division of Student Development and Enrollment Services partnered with the College of Education and Human Performance (to be renamed the College of Innovation and Education in July 2018) to conduct a review of local needs.

The 2017 Central Florida Employment Outlook ranks the professional service sector as the employment sector with the highest job growth in Central Florida. The top industries hiring in Central Florida are (a) healthcare, (b) skills trade, (c) technology, (d) sales, (e) construction, and (f) education. Currently, Orlando has a shortage of workers in healthcare, technology, skilled trades, bus drivers, housekeepers and customer service professionals.

After reviewing the employment needs, the University of Central Florida's academic specialty areas and collecting data regarding the Inclusive Education Services (IES) students' academic and vocational interests, the following three areas were selected for the IES Professional Services Credential concentrations: (a) **Hospitality**, (b) **Social Services**, and (c) **Education**.

UCF Specialty Areas	IES Student Interests
1. Hospitality 2. Communication 3. Social Services 4. Education 5. Technology 6. Healthcare 7. Human Services	1. Hospitality 2. Education 3. Social Work/Social Services 4. Communication/Interdisciplinary Studies 5. Computer 6. Videography 7. Photography

This credential will be fully implemented for the 2018-2019 academic year. Students enrolled prior to fall 2018 will have a fourth (General Studies) concentration choice. Academic courses within the concentrations were intentionally selected to provide vocational and academic depth to the student experience. In addition, IES staff identified a need to build career development, personal leadership, and a variety of on-and-off campus vocational and internship experiences to provide students with a comprehensive professional development opportunity.

Upon successful completion of this five-semester opportunity, students will earn a Professional Services Credential through the Division of Continuing Education with support from the College of Education and Human Performance and the Division of Student Development and Enrollment Services.

Professional Services Credential: Hospitality Concentration

Campus Work Experience Agreement

**Inclusive Education
Services**

This work experience is designed to provide a supportive, structured learning environment for acquiring work experience through applied on-campus engagement. The work experience builds on the foundation provided by academic and experiential coursework, life experiences, and personal values. It allows students to develop a meaningful framework for their professional experiences. Additionally, it aligns with the National Association for Colleges and Employers' Key Attributes for Employability: Leadership, Adaptability, Written and Verbal Communication, Problem Solving, Work Ethic and Initiative, Interpersonal Skills, Organizational Ability, and Time Management.

To be successful in the role and receive a passing grade, the following expectations must be met:

- Demonstrating respectful interactions with supervisors, co-workers, and clients (listening and speaking clearly, using appropriate and professional language, maintaining a positive and friendly attitude toward others, etc.)
- Arriving on time and being ready to work through entire shift
- Adhering to dress code/uniform policies
- Being a team player and willing to help others when needed
- Completing job assignments successfully on a consistent basis by following all directives and employee expectations as noted in Employer Policy and Procedures
- Abiding by the *UCF Student Code of Conduct* while representing self, UCF, and IES

Specific Conditions of Agreement:

- *IES staff will be the sole source of communication with Campus Work Experience Site Supervisor/Staff*
- The student will receive feedback and guidance from the IES Career Liaison, IES Resource Facilitator Job Coaches, and supervision and direction of Site Supervisor/Staff
- The experience received by the student from the campus work site is mutually beneficial for the student and the campus work partner's learning experience
- The campus work experience has an educational purpose and there is no guarantee or expectation that the activity will result in employment with the on-campus partner
- Campus work experience partner may terminate student at any time at its sole discretion if student fails to meet expectations of role

The following behaviors, real or perceived, will result in corrective intervention by the site supervisor and/or may lead to suspension or termination:

- Racial or sexual remarks
- Offensive gestures
- Uninvited touching of other staff or students
- Violent or aggressive behaviors towards others such as bullying, harassment, or name calling

If any of the above behaviors are not regularly maintained, are not adjusted after site supervisor and/or IES feedback, or pose problems with the work community when not carried out, the student may be removed from the campus work experience. In such cases, the academic impact on the student and the student's progression with the IES Credential will need to be discussed at an individual level.

The term of this experience/employment begins _____ through the end _____.

By signing this document, the student understands and agrees to the terms stated above.

Community Internship Agreement

**Inclusive Education
Services**

Student and Family/Guardian Expectations and Responsibilities Agreement

The community internship portion of the IES experience is one of the most important opportunities the student will encounter at UCF in preparation for competitive employment following graduation.

The internship experience includes the following expectations and requirements:

- Students are expected to work in a community-based position beyond UCF that aligns as closely as possible to their vocational interests
- Students will work at least 15 hours per week for at least 10 weeks during the semester
- Students will register for at least 3 credit hours for the internship course
- Students will take an additional 6 credit hours during the semester in which an internship takes place
- Students will be graded through feedback from their Internship Site Supervisor and IES staff and must earn a passing grade
- The IES Community Internship experience is not intended to ensure on-going employment post-graduation

IES will do the following to facilitate the internship experience:

- Partner with area businesses that closely align with student interests to secure internship positions
- IES staff will be the sole source of communication with Internship Partner
- IES staff will stay in close contact with Internship Partners to coach student where required based on Partner input
- IES staff will assist in ensuring schedule is conducive to student's other obligations
- IES staff will problem-solve as necessary between Internship Partner and student
- Where applicable, determine the role of guardianship in the internship experience so that students can have the most independent and inclusive experience possible

Student will need to do the following to successfully complete the internship experience:

- Always represent UCF and IES in a respectable manner
- Be responsible for work schedule and job requirements
- Quickly communicate with IES staff regarding any questions or concerns
- Understand that the UCF *Student Code of Conduct* will govern this off-campus course
- Follow the guidelines covered in the *Campus Work Experience Agreement*

- Adhere to the *UCF Student Code of Conduct* while representing UCF and IES in this off-campus experience as well as adhering to any guidelines that may be required of any employee of the Internship Partner

Families/Guardians will need to do the following to successfully support the student and IES in the internship experience:

- Support student in identifying travel options to and from the internship
- Support student in attaining appropriate clothing in a timely manner
- Adhere to a strict “no contact” policy regarding communication with Internship Partner and on-site supervisors
- Respect your student’s work schedule by scheduling trips or appointments around their schedule and refraining from contacting your student during work hours
- Immediately contact IES team with concerns or questions regarding the internship rather than becoming actively involved in the work matters
- Maintain an open mind as to what opportunities will be best for the student
- Understand that the student will be expected to adhere to the *UCF Student Code of Conduct* while representing UCF and IES in this off-campus experience as well as adhering to any guidelines that may be required of any employee of the Internship Partner

By signing this document, all agree to abide by the guidelines outlined here and understand that failure to observe these guidelines could result in disciplinary action up to and including loss of internship placement.

This two-page document has been reviewed with student and family/guardian(s). Signatures represent receipt, review, and understanding of the information presented.

Resource Facilitator Checklist

Did I check _____?

- Webcourses
- Modifications
- Club meetings
- Volunteer events
- Career Services events
- Knights Email
- Knights Access (exams match modifications)
- My work schedule

Write down all assignments for the week.

Complete all homework assignments.

Study for upcoming exams.

After 1:1

Do I still have more homework/studying to complete?

Do I need to attend tutoring?

Did I attend all my classes? Was I always on time?

Did I attend all my 1:1 meetings? Was I always on time?

Did I go to all my work shifts? Was I always on time?

Did I RSVP to the Men's/Women's Group?

What is one thing I can work on for next week?

How am I going to accomplish this goal by my next RF Help session?
