

What is UL LIFE and who are Mentors?

UL LIFE is a program for students with intellectual and developmental disabilities. Our LIFE students are college students just like you, but often need a little extra help in their classes. This is where our mentor program comes in! As a mentor, you will be doing things like going to class with LIFE students, helping them with assignments in Academic Support, attending the student's internships with them, and getting to know them in different social activities!

Training: A mandatory training session will take place at the beginning of each semester. UL Lafayette background check may be required for all mentors.

Special Skills or Qualifications: A willingness to serve fellow classmates. Mentors must be responsible, reliable, and capable of maintaining confidentiality.

Availability: Please understand that being a LIFE Mentor is a job and will require you to attend all scheduled class meetings/internship days with the LIFE student that you are paired with.

Thank you for your interest in being a LIFE Mentor, we look forward to reading your application!

Please note: It is Required that you attend 1 of the Training Dates Below:
