

Becoming an Employment First Model Agency

Are you an employment service provider interested in becoming a model agency of national best practice in person-centered employment pathways for individuals and their supports?

Scaling Best Practices

The Employment First consultation provides an opportunity to assess culture and processes. We use the Employment First Fidelity & Elevating Capacity Tool (EFFECT) to facilitate change management focused on person-driven employment services.

-  Facilitated interviews, organization self-assessment, and consultation to evaluate current capacity
-  Free recommendations, technical assistance, and training to implement capacity-building strategies
