

Becoming an Employment First Model Agency

Are you a Targeted Case Management (TCM) provider interested in becoming a model agency of national best practice in person-centered & self-determined employment pathways for individuals & their supports?

Scaling Best Practices

The Employment First consultation provides an opportunity to assess culture & processes, using the Employment First Fidelity & Elevating Capacity Tool (EFFECT) to facilitate change management focused on person-driven employment support coordination.

Facilitated interviews, organization self-assessment, & consultation are used to evaluate current capacity

Recommendations, technical assistance, & training to implement capacity building strategies are available at no cost.
