Measure of the results of your state's investment in Employment First?

- Examples from network States

- OREGON

- Acacia McGuire Anderson

- VIRGINIA

- Heather Norton

© SELN 2015

Why collect data?

- We need to demonstrate to the Gov. and our legislators that our actions lead to success.
- We need to collect data on outcomes and not services.
- How to monitor if efforts are moving us forward.
- Responding to the courts / DOJ etc.
- Look at 18 – 24 yr. olds to see who is choosing less restrictive work: helps redefine conversation with providers and families.
- To know who is working w/o paid supports.
- to know if we are delivering effective employment services to individuals as well as for the cost effectiveness of the public resources we are investing.

Were you collecting/developing an employment data system before you had the reporting requirement of the Settlement Agreement?

© SELN 2015

Did you develop or implement your data system differently than you had originally planned because of the reporting requirements of the Settlement Agreement?

© SELN 2015

Do you use the data differently now?

State Employment Leadership Network

The State Employment Leadership Network is a network of state intellectual and developmental disability agencies working together to improve employment outcomes for individuals. The SELN is a joint program of the Institute for Community Inclusion at UMass Boston and the National Association of State Directors of Developmental Disabilities Services.

NASDDDS | ICI | UMass Boston

Other Questions

- Was the data reporting requirements of the SA an influence (motivator) on your developing your employment data system? How so?
- Have you found having your employment data system has changed how you communicate with stakeholders about your employment first efforts?

Finding the DUG group space

Join the group to access info

The screenshot shows the SELN Data Users' Workgroup page. At the top, there is a navigation bar with links: Dashboard, Groups, Discussion, Events, and Resource Library. Below this, the page title is "Data Users' Workgroup". To the right of the title, there is a "JOIN" button, which is circled in red. Below the "JOIN" button, there are links for "QUESTIONABLE" and "BOOKMARK". On the left side, there is a "HOME" button and a "SEARCH" bar. Below the search bar, there is a "GROUP NEWS" section with a small image and text. The text in the "GROUP NEWS" section reads: "SELN Data Users (DUG) Group. --Interested in improving your understanding and use of available national and state employment data? --We want all state residents to understand the research for news and better". At the bottom right, there is a small bar chart icon and the text "© SELN 2015".
