

Fall 2018 HCBS Technical Assistance Series for External Stakeholders: **Promising Practices in State Approaches to Implementing the** **Federal HCBS Settings Criteria**

ACL, in partnership with CMS and other national partners, invites you to participate in a three-part technical assistance webinar series highlighting innovative strategies and approaches states are taking to effectively implement the [federal settings criteria for home and community-based services](#) (HCBS). The webinar series is intended to help ACL's networks, partners, and external stakeholders identify strategic ways to engage in their state's ongoing HCBS systems transformation efforts.

Each presentation will include an overview of promising practices and innovative strategies identified by ACL & CMS from across the nation, as well as specific presentations from state government leaders and other external stakeholders who have led the way in developing innovative strategies for implementing key aspects of the federal HCBS settings rule.

DATE	TITLE	DESCRIPTION	REGISTRATION LINK
Thursday 11/8/18 2-3:30 p.m. ET	Innovative State Approaches to Promoting Compliance with the Federal HCBS Settings Criteria	An overview of innovative state strategies in setting assessment, validation and remediation of HCBS settings; training/TA models that states have rolled out in collaboration with various partners to ensure providers are able to make modifications to comply with the rule; and conducting ongoing monitoring of HCBS settings.	https://www.mymeetings.com/emeet/rsvp/index.jsp?customHeader=mymeetings&ConferenceID=8297313&passcode=3425402
