

SELN Monthly Network Meeting

Key Takeaway

December 17, 2025

Overview:

- This meeting covered the new Data Deep Dives opportunity, the plans for follow-up workgroups on nonwork, and plans for future meetings.

Data Minute:

- [StateData](#) has updated answers to questions about state and national employment and day services and outcomes and integrated employment participation rates.

Data Deep Dives:

- Members can request to meet with the ICI team to review state and national data and use this information to set strategic employment service goals.
- Schedule the Data Deep Dive as a one-time meeting or series of discussions, either during a TA call or at a different time.
- Submit a request for a Data Deep Dive [here](#).

Next Chapter Work Group Series on Nonwork:

- This three-part work group series in early 2026 builds on the 2025 work group on community life engagement. [Read this document to learn more.](#)
- The work groups will discuss day services, quality assurance, the use of data, and other topics.
- Members are encouraged to invite their teams and must preregister for each session when they receive the registration flyers.

Project Business:

- We will ring in 2026 with an open forum. Come prepared to discuss any topics, challenges, or the information that states should be sharing.

- The eLearning course closed on December 12 and will reopen for enrollment on December 29. There are three more sections this membership year.
- The dates for the 2026 SELN Annual Meeting in Alexandria, VA are October 6-8.

Upcoming Meetings:

- January 21, 2026
- February 18, 2026.
