

NATIONAL TRANSPORTATION RESOURCES

National Organizations

Community Transportation Association of America - CTAA – www.ctaa.org

Advocates for and promotes effective public and community transportation to increase mobility in our society, and meet the needs of individuals and groups experiencing transportation challenges. Wide variety of training, technical assistance, and grant programs. Individual transportation planning documents available at: <http://web1.ctaa.org/webmodules/webarticles/anmviewer.asp?a=813&z=5>

National Aging and Disability Transportation Center - <http://www.nadtc.org>

Offers numerous resources, as well as training and technical assistance.

Association of Travel Instruction - www.travelinstruction.org

National association focused on travel training for people with disabilities and seniors.

Ride Share Websites

National websites that can link individuals together to share rides. Many local & regional sites also exist.

- www.zimride.com
- www.nuride.com
- www.erideshare.com
- www.rideBuzz.org

Travel Planning Website

Google Maps - <http://maps.google.com>

Contains driving, transit, and bicycle directions. Note that the quality of the transit information varies depending on the local area.

Example of Coordinated Transportation

MassMobility is an effort in Massachusetts to bring transportation information and resources together in one central location, and support regional transportation coordination. - www.mass.gov/orgs/massmobility
