Guidepost Fidelity Scale: Development

- Began with the self-assessment from the CLE toolkit.
- Examined 119 measures from the University of Minnesota's Rehabilitation Research and Training Center on Home and Community Based Outcome Measurement (RTCOM) – selected 37 questions
- Created a draft GFS containing 126 statements
- Two rounds of Delphi panel reviews from 25 experts in the field

The current GFS contains 72 statements all of which have a CVR of .5 or higher
