Resource and Dissemination Center*

Wfgrage@nashp.org

RAISE Act State Policy Roadmap

- State policy roadmap for implementing RAISE Act goals
- 6 sections based on the RAISE Act goals
- [Section 3: The Direct Care Workforce](#) is out now

NASHP Preconference

- NASHP Conference is September 12-14 in Seattle
- Day-long preconference session on caregiving and direct care workforce on September 12
- State speakers and potential federal speaker
- Early bird registration available until August 12: Register at <https://www.nashp.org/events/nashpconf22/>

Social Media Challenge!

ADvancing States, as part of our HCBS Conference, is hosting a challenge for DSWs and DSPs to create a "day-in-the-life" video on either Tik Tok or Instagram!

Activities could include:

- Cooking
- Cleaning
- Administering medication
- Accompanying on community outings

LTQA Workforce Webinar

*A Fresh Look at Caregiving:
Direct Care Workforce Solutions*

Featuring:

Carol Raphael, Manatt Health

Carrie Amero, AARP

Robyn Stone, LeadingAge

Joe MacBeth, NADSP

Tuesday, July 26, 2022

2-3pm ET

4:00 PM-5:00 PM

Overview of the Indiana Direct Service Workforce Plan

- Goal: To Create and implement a person-centered, statewide plan to improve the recruitment, training, support, and retention of direct service workers in home and community-based settings
- Key Partners:
 - State Staff
 - Bowen Center for Health Workforce Research and Policy
 - ADvancing States
 - Provider Agencies and Organizations
 - Self-Advocates
 - Direct Service Workforce Advisory Board Members

Indiana Direct Service Workforce Plan: CY 2022 Project Timeline

Goal: *Create and implement a person-centered, statewide plan to improve the recruitment, training, support, and retention of direct service workers in home and community-based settings.*

- In partnership with Bowen Center
- In partnership with ADvancing States

Research Strategies Under Consideration

Recruitment

1. Public marketing campaign
2. Virtual information hub for DSWs
3. DSW Career Pathways in Indiana High Schools
4. Registered Apprenticeships for Home Health Aides

Training & Regulation

5. Implement a standardized definition for direct service workers across agencies/divisions and payer programs.
6. Determine a standardized state minimum training for DSWs in alignment with services or populations.
7. Determine appropriate DSW regulatory structure and entry requirements

Wages & Benefits

8. One-time ARPA Bonus payments to DSWs
9. Routine payments to DSWs – State flexibility on implementation (reward for quality, seniority, etc.)
10. Tiered payment for DSWs

Retention & Career Development

11. Support LTSS sector retention through development of a micro-credential pathway within DSW workforce
12. Work with community colleges to develop macro-credential pathways for DSWs to other roles

Workforce Data & Tracking

13. Capture workforce characteristics during renewal for existing and any newly regulated DSW occupations
14. Enhanced individual-level data: Expand EVV Reporting
15. Require provider-level reporting to include key DSW characteristics
16. Longitudinal tracking: Develop strategy to assess and evaluate DSW trends

Social & Other Supports

17. Transportation Reimbursement for DSWs
18. Specialized DSW “Social and Workforce Services Navigator” Role
19. DSW Information Guides & Resources

Overview of the Indiana Direct Service Advisory Board

Membership:

- 18 Hoosiers employed in LTSS settings
- Represent the diverse demographics as well as diversity of tenure, population(s) served, and tasks/services performed
- Selected via application process
- Will serve a term of three years

Purpose:

- Provide advice and feedback to FSSA on strategies improve the recruitment, training, and retention of direct service workers in a confidential forum
- Encourage leadership development among its members, as well as provide an opportunity to promote a better understanding of direct service work as an essential profession that requires complex skills
- Solicit comments from other direct service colleagues in the field and share information with their peers

Priority Topics:

- Consumer and caregiver needs
- System gaps and areas for improvement
- Barriers to beginning or continuing employment in LTSS settings
- Other topics as determined by FSSA, ADvancing States, and Board members

Insights from the Indiana Direct Service Advisory Board - Recruitment

- Public awareness and/or marketing campaign – Elevating the profession, clarifying what the job entails
- Use schools – High schools, best buddy programs, community colleges, universities
- Focus on retired teachers
- Titles – Changing descriptions to more positive language
- Searchable jobs database; filterable by area or expertise

Insights from the Indiana Direct Service Advisory Board - Training

- Focus on job shadowing and on-on-one hands-on training; especially for people with high/complex needs
- Provide training modules for special populations (Ex: blindness, dementia, Parkinson's)
- Develop a one-stop shop for all online training like an online library
- Provide training on how all services interact with each other
- Certificate programs
- Reimbursement for getting certification

Insights from the Indiana Direct Service Advisory Board - Retention

- Appreciation messages and outreach (ex: text from a supervisor)
- Protections in the home for the DSW/DSP
- Access and coverage for mental health
- Retention bonuses
- Loan forgiveness
- Navigators to help DSWs/DSPs sign up for benefits
- Survey of DSWs/DSPs
- Opportunities for recognition

Missouri Initiatives to Address the Direct Care Workforce Crisis

July 2022

Overview

- 👤 Background: Missouri's Service Structure and DSP Workforce
- 👤 Direct Support Professional Apprenticeship
- 👤 Value Based Payment

Missouri LTSS

NCI Staff Stability Data

The NCI
Staff
Stability
Survey
will help
States
to...

Develop Direct Service Professionals (DSP)
workforce improvement initiatives.

Monitor and evaluate the impact of workforce
initiatives.

Compare state's workforce outcomes to other states'
outcomes.

Provide context for consumer and family outcomes.

Build systems to more effectively collect, analyze,
and use DSP workforce data.

Measure the stabilization of the DSP workforce
throughout the COVID-19 pandemic.

2020 NCI Staff Stability Survey

Tenure

Tenure Among DSPs Employed as of Dec. 31, 2020 (MO N: 211; NCI N: 2,730)		
	MO	NCI
6-12 months	15.1%	14.3%
12-24 months	17.7%	18.7%
24-36 months	12.6%	12.5%
36+ months	36.7%	39.0%
<6 months	17.9%	15.4%

Tenure Among Separated DSPs (Left Between Jan. 1 and Dec. 31, 2020) (MO N: 193; NCI N: 2,563)		
	MO	NCI
6-12 months	19.1%	18.8%
12-24 months	13.0%	16.3%
24-36 months	6.9%	7.9%
36+ months	13.6%	16.2%
<6 months	38.6%	28.9%

DSPs employed in MO: 14,094
DSPs separated in MO: 8,572

Turnover Rate

MO: 58.7%

NCI: 43.6%

Full-Time Vacancy Rate

MO: 10.6%

NCI: 12.3%

2nd highest

supports and services
THAT FOSTER self-determination.

Missouri Talent Pathways:

A Direct Support Professional Workforce Strategy

Missouri DSP Registered Apprenticeship

The Value Proposition

This presentation provides an overview of why Missouri Department of Mental Health – Division of Developmental Disabilities and its partners selected a registered apprenticeship as a solution for the Direct Support Professional workforce shortage.

What is a Registered Apprenticeship

The term apprenticeship is often misunderstood. This presentation provides an overview of the five elements required of a registered apprenticeship

MO Certified DSP Registered Apprenticeship Overview

A registered apprenticeship is a cooperative effort between an employer partner and an apprentice. This presentation provides a high level overview of each role.

MO Certified DSP Apprentice Competencies

This presentation includes the competencies and skills which will be developed through the MO TaP registered apprenticeship

Objectives

- **Stabilize and Structure Workforce**
- **Construct Career Pathways**
- **Optimize Talent Pipelines**
- **Implement National Best Practices**
- **Standardized priorities**
- **Mitigate risk**
- **Increase Individual Outcomes**

Missouri Medicaid LTSS Transformation to Value Based Payment

Value Based Payment

Value Based Payment

MEDICAID LONGTERM SERVICES & SUPPORTS VALUE BASED PAYMENT

MEDICAID LONGTERM SERVICES & SUPPORTS FUTURE STATE: POST IMPLEMENTATION OF INITIATIVES

VBP Initiatives

Fiscal Year 2023 Modernizing Medicaid Long Term Care: Value Based Payment

	DMH - Division of Developmental Disabilities
Establish Baseline Rates	\$375.1 million (\$127.7M GR) to establish a baseline wage for Direct Support Professionals.
Implement Baseline Value Based Payment Initiatives	Outcomes Based Payment \$4.3M (\$1.5M EFMAP) quarterly incentive payments based on implementation of evidence-based behavioral supports. (-) \$14M (\$4.8M GR) savings from expansion of remote services which provides clients with more independence starting July 1, 2022. \$255K (\$87K EFMAP) for incentives for providers utilizing location verified timekeeping through Electronic Visit Verification. Workforce Recruitment and Retention \$21.2M (\$7.2M EFMAP) rate increase when a percentage of the provider workforce attains one of three certification levels. \$250K (\$85K EFMAP) incentive payment to providers who hire a DSP Apprentice talent pipeline. \$98K (\$49K EFMAP) to expand current capacity of DSP Apprenticeship Program. \$294K (\$147K EFMAP) to create DSP certification levels and associated training modules. \$500K (\$250K EFMAP) one-time to conduct an analysis of barriers preventing cross-sector career paths within various sectors of the healthcare industry. Data for Future VBP Outcomes Performance Benchmarking \$1.5M (\$501K EFMAP) incentive payment to providers who complete the National Core Indicators (NCI) survey which provides data on wages, turnover, and retention within the DSP workforce. \$1.1M (\$369K EFMAP) incentive payment to providers for each client screened for health risk and cost reduction using a health risk assessment tool. \$184K (\$63K EFMAP) rate increase for employment providers who provide data to the state for benchmarking.
IT Infrastructure	\$9.9M Enhanced FMAP - IT tools and features to support Value Based Payments including data analysis, population health management, stakeholder engagement, and plan development. - Missouri Health Risk Screening tool module - System interoperability, enable eLTSS data sharing, and connect to health information networks. - Enhance DD case management system to support automated processing.
Total	\$411.6M (\$127.7M GR) 27% increase over FY22
Admin	\$7M (3.5M Enhanced FMAP) for administrative costs and payments to Mercer for technical assistance and consultation for Medicaid related initiatives.

FY 2023 Governor's Budget Recommendations

- 👤 \$166,378,997 to continue providing standardized provider rates up to market-based cost, including \$56,655,376 general revenue.
- 👤 \$4,949,444 to maintain targeted market-based Home and Community Based Services provider rate adjustments, including \$1,685,385 general revenue.
- 👤 \$4,464,000 to continue providing telehealth physician services for individuals utilizing developmental disability waiver services, including \$1,520,082 general revenue

FY 2023 Governor's Budget Recommendations

- 👤 127,016,453 to provide critical community based services for individuals experiencing a crisis or emergency situation, to transition individuals from the Children's Division and nursing homes, and to prevent individuals from being added to the Medicaid-eligible in-home wait list, including \$43,048,000 general revenue.

Home & Community Based		
Recommendation	Total	GR
Utilization Increase	\$127,016,470	\$43,048,000
- 1,313 In Home		
- 402 Residential		
- Cost to Continue for Individuals Served in FY21 (\$38M total/\$13M GR)		

FY 2023 Governor's Budget Recommendations

- 👤 \$411,591,024 for standardized market-based provider rate increases to establish a market wage for Direct Support Professionals and similarly increased wage levels for other support services professionals as well as Value Based Payment incentives and information technology investments.
- 👤 Provider Standardization - \$375m (\$127.7m GR)
 - 👤 All Service Types
 - 👤 Based on \$15 Baseline Starting Direct Support Professional Wage
- 👤 Value Based Payment - \$36.5m

FY 2023 Governor's Budget Recommendations

Value Based Payment – \$36.5m

Outcomes Based Incentive Payments

-  Behavior Supports
-  Remote Supports
-  Electronic Visit Verification

Workforce Recruitment and Retention

-  Enhanced Training
-  Enhanced Training Levels Incentive Payments
-  Direct Support Professional Apprenticeship Incentive Payments
-  Career Ladder Initiative

FY 2023 Governor's Budget Recommendations

Value Based Payment – \$36.5m *continued*

Baseline Data for VBP

-  National Core Indicator Staff Stability
-  Health Risk Screening Tool
-  Employment

VBP Information Technology

-  Interoperability
-  Provider System Enhancements
-  Health Information Exchange
-  Connexion Enhancements

FY 2023 Governor's Budget Recommendations

👤 \$14,676,724 federal funds to enhance, expand, and strengthen home and community based services.

- 👤 Home Modifications
- 👤 Training
- 👤 Quality Assurance
- 👤 Health Risk Screening Tool

HB3010 Truly Agreed and Finally Passed

A large, green, multi-pointed starburst graphic with a thin red outline is centered on the slide. It has approximately 16 points of varying lengths, creating a star-like shape.

\$714,399,918

NCI Staff Stability

Who: Current DMH DD contracted 1915 (c) HCBS Waiver service providers of residential, in-home and non-residential services.

What: Annual lump sum payment of \$2,000 per qualifying provider.

When: Waiver amendment to begin January 1st, 2023.

Why: To incentivize applicable providers to complete annual and subsequent NCI Staff Stability Surveys.

The National Core Indicators (NCI) Staff Stability Survey collects information on the direct support professional (DSP) workforce in Missouri, including information on staff wages, retention and turnover. The survey data supports the Division's policy and program development to enhance the retention efforts and training needs of the DSP workforce.

NCI Staff Stability

How: The annual NCI Staff Stability survey is completed in the NCI system. The data listing of contracted service providers who have completed the annual survey will be provided to the Division by Human Services Research Institute (NCI). The data indicating NCI Staff Stability Survey completion by provider will be processed by the Division for payment annually.

CDSP Registered Apprenticeship

Who: Any Division of Developmental Disabilities HCBS waiver service provider who participates in the Direct Support Professional (DSP) Registered Apprenticeship Program.

What: One-time payment of \$3120 for each employee retained for one year after successful completion of the Certified DSP registered apprenticeship program.

When: Payments to start beginning January 1st, 2023 for State Fiscal Year 2023.

CDSP Registered Apprenticeship

Why: A talent acquisition pipeline with increased staff retention; employees gaining national best practice skills; mitigation of risk and improved individual outcomes.

How: Qualified providers submit an invoice and documentation of continued employment to the Apprenticeship Coordinator (AC). The AC will validate through the US Department of Labor's RAPIDS database. The AC will conduct quality assurance reviews annually. *To be eligible for this payment, the employee must be a new workforce member not previously employed by the provider within the 6 months prior to enrollment in the apprenticeship program.*

Remote Supports

When: Payments to start beginning January 1st, 2023 for State Fiscal Year 2023.

Why: Increased independence, reduction in stress level of overall DSP workforce, savings to State.

How: The savings is calculated monthly for the previous six (6) calendar month period. A provider may earn the quality payment up to twice a year.

Remote Supports

	Hours	Hourly Rate	Monthly Rate
ISL Budget prior to RS	730.00	\$19.30	\$14,089.00
ISL Budget prior to RS*	730.00	\$30.00	\$21,900.00
ISL budget with RS	486.67	\$30.00	\$14,600.10
RS Response Center	240.00	\$7.04	\$1,689.60
RS Technology			\$750.00
Total Savings			\$4,860.30
State Share of Savings			\$1,652.02
VBP 15%			\$247.80
VBP 6 month payment			\$1,486.81
*At current hourly rate			

Tiered Supports

Who: Any service provider agency currently providing Individualized Supported Living service.

What: Two Payments:

- Monthly payment of \$174 for sharing data elements identified in the provider contract for each monthly period.
- Quarterly payment of 40-100% of maximum incentive payment (up to \$15,045), based on assessment of implementation systems each quarterly period.

When: Payments to start beginning January 1st, 2023 for State Fiscal Year 2023.

Tiered Supports

Why: To incentivize providers to develop and maintain universal systems of support which result in higher quality of life, fewer risk outcomes, and reduced staff turnover.

How: Submission of defined data through web-based platform for monthly payment and individual quarterly evaluation using standard Levels of Implementation by Benchmark tool for quarterly payment.

Tiered Supports

How much could you get?

- **Just share data:** \$174/month (\$522/quarter)
- **Low Implementation:** \$174/month (for providing data) + \$6,018/quarter = \$6,540/quarter
- **Moderate Implementation:** \$174/month (for providing data) + \$10,532/quarter = \$11,054/quarter
- **High Implementation:** \$174/month (for providing data) + \$15,045/quarter = \$15,560/quarter

Tiered Supports

Level of Implementation by Benchmark– Assessment Guide

Universal Strategies Benchmarks of Quality	Evidenced By	Asking the question	LOI
I. Agency Shared Values System			
A. Shared Values have been adopted	Values displayed in agency office, homes, policy/procedure handbook, etc.		Low
B. Outlined behavioral expectations of values in matrix	Matrix available outlining behavioral expectations for stakeholders based on determined values and available opportunities to practice skills		Low
C. Shared Values are taught regularly	Teaching programs provided for stakeholders to practice skills defined within matrix; meeting minutes, ISP programs, competency checklists		Mod
D. Shared values are coached	Competency checklists include shared values skills, coaching data reflects stakeholders receive coaching observations and feedback on implementation at least monthly		Mod
E. Operational system of reinforcement for practicing shared values	Values system data reflects staff and supported individuals receive positive consequences for practicing shared values skills, implementation expectations are outlined in policies/procedures		Mod
F. Shared values implementation is assessed with data	Data is aggregated to identify implementation trends across all levels of the agency		High
Level of Shared Values Implementation			
II. Agency Team			
a. Meeting monthly	Schedule available for next six months of meetings, demonstrates previous six months of meetings completed, meeting expectations/norms outlined in policies/procedures		Low
b. Team reflects variety of stakeholders	Includes agency decision maker(s), administration, leadership, front line staff, and people supported		Low

Tool to Assess Implementation Level

DSP Training Levels

Who: Any waiver service non-licensed professional staff delivering contracted HCB services, except self-directed services, shared living, applied behavior analysis, assistive technology, crisis intervention, environmental accessibility adaptations, family peer supports, individual directed goods and services, intensive therapeutic res hab, therapy services (OT, PT, ST), dental, professional assessment and monitoring (PAMs), specialized medical equipment and supplies, and transportation.

DSP Training Levels

What:

- Payment of 1% over the Medicaid paid applicable service claims when 100% of DSP workforce has completed level 1 DSP training;
- Payment of 2% over the Medicaid paid applicable service claims when 50% of DSP workforce has completed level 2 DSP training and has a minimum of 6 months tenure with the same agency;
- Payment of 3% over the Medicaid paid applicable service claims when 50% of DSP workforce has completed level 3 DSP training and has a minimum of 1 year tenure with the same agency.
- A provider may earn a quality payment twice a year.

DSP Training Levels

When: Payments to start beginning January 1st, 2023 for State Fiscal Year 2023.

Why: Increased staff retention; employees gain national best practice skills; mitigation of risk and improved individual outcomes.

How: Access learning management system (Relias) to obtain DSP certification level learning tracks.
