Missouri’s Lessons re: MOUs

- Periodic but Regular Date for Review
- Include in Staff Orientation (or... they aren’t worth anything if people don’t know about them)

April 16, 2014 4

How ?

- Need a Common key between individuals served
- Identify time horizon (FFY)
- Identify data analyst
- Execute the project
- Repeat on a regular basis to create a trend line
(two points are a line, three points can form a chart)

Research Report

Patricia Phillips, Ph.D.

Research Analyst

5/1/2014

patricia.phillips@missouri.gov

For: John Harper

Date: December 17, 2013 - Updated 5/1/2014

Subject: Shared Clients with Missouri Department of Mental Health FFY13

The following charts display basic client demographic and service information for VR & State agency clients for FFY13. State VR clients receive services from more than one of the data divisions. Alcohol and Drug Abuse clients (ADA), Comprehensive Psychiatric Services (CPS), and Mental Rehabilitation Developmental Disabilities (MRDD). These clients who received services from multiple data divisions were aggregated into distinct categories. To avoid duplicate counts, AC+ Alcohol and Drug Abuse & Comprehensive Psychiatric Services, ACM+ Alcohol and Drug Abuse & Comprehensive Psychiatric Services & Mental Rehabilitation Developmental Disabilities, AM+ Alcohol and Drug Abuse & Mental Rehabilitation Developmental Disabilities, and CM+ Comprehensive Psychiatric Services & Mental Rehabilitation Developmental Disabilities.

Category	AC	ACM	ADA	AM	CM	CPS	MRDD	Client
Alcohol and Drug Abuse	182	11	173	6	51	176	72	671
Alcohol and Drug Abuse & Comprehensive Psychiatric Services	133	2	166	8	121	14	444	
Alcohol and Drug Abuse & Mental Rehabilitation Developmental Disabilities	243	13	333	6	33	203	21	852
Alcohol and Drug Abuse & Comprehensive Psychiatric Services & Mental Rehabilitation Developmental Disabilities	827	119	501	36	418	987	648	3,536
Alcohol and Drug Abuse & Comprehensive Psychiatric Services	28	1	21		9	26	13	98

Benefits to Data Sharing?

- Getting to know and understand each other
- Creating a common mission and vision
- Collaboration leads to trust
- Surprises (ex. DD / ADA dual dx)
- Can Lead to action (ex. Training)
